OVERVIEW

See her at the Fort Lauderdale International Boat Show 2025!

Step aboard the 2023 Azimut S6 Sportfly and indulge in contemporary Italian elegance crafted for the water. Her low-slung silhouette and custom-painted hull draw admiring glances whether slipping into a fashionable marina or tracing a sunlit shoreline. Vast glazing floods the interior with natural light, creating a seamless dialogue between sea and sophisticated living spaces aboard this luxury motor yacht.

Inside, the saloon welcomes you with refined materials — supple leathers, polished woodwork, and thoughtfully layered textures — arranged in a free-flowing plan that unites galley and lounge for effortless entertaining. The layout is designed for every mood, from casual cocktails to intimate dinners, or quiet hours spent watching the horizon while at anchor. Below decks, three serene cabins provide restful retreats, anchored by a full-beam owner's suite that reads like a private sanctuary, while a dedicated crew cabin preserves owners' and guests' privacy on this flybridge yacht.

Life on deck is equally compelling. The Sportfly bridge offers sweeping 360-degree vistas and a breezy, elevated vantage point for relaxation beneath open skies. Forward, the foredeck sunpad invites sunseekers to linger, and aft the cockpit provides an ideal setting for sundowners and alfresco dining. A hydraulic beach platform descends to sea level for uncomplicated water access and watersports, and the tender garage neatly stows a Williams 325 TurboJet, poised for swift excursions from this expressive cruiser.

Underway, the S6 is driven by Volvo Penta IPS pod drives with intuitive joystick docking and is steadied by Seakeeper gyroscopic stabilization, delivering a calm, quiet, and confidence-inspiring ride. She rises onto plane with poise, tracks true, and makes close-quarters maneuvering a pleasure — the unmistakable hallmarks of a performance motor yacht. Fastidiously serviced

and appointed with premium options throughout, this Azimut S6 Sportfly is impeccably styled, turnkey, and ready for her next connoisseur.

DETAILED DESCRIPTION

Features and upgrades

A sleek, painted hull sets the tone for a modern profile, complemented by rich teak decking that runs throughout and a thoughtfully appointed flybridge crowned with a bimini top and a convenient drawer fridge for chilled refreshments aloft. In the tender garage a Williams 325 TurboJet (2023) is stowed and ready to deploy, while a Seakeeper 9 gyro stabilizer delivers remarkable comfort both underway and at anchor. The hydraulic swim platform, fitted with jet ski chocks, expands your waterside playground and simplifies launching and toy handling, and bow and cockpit sun shades create cool, private retreats throughout long, sunlit days. Entertaining is effortless with an outdoor grill and a cockpit beverage refrigerator, all tuned to a premium Bose sound system and entertainment package that fills interior and exterior spaces with immersive sound. Precision and confidence at the helm come from GPS navigation integrated with the Raymarine electronics suite and the Volvo Penta IPS joystick docking system, while climate control is assured by the Dometic chiller air conditioning system and extended autonomy arrives via an onboard watermaker; shore support is simplified by a single 50 AMP shore power connection. Practicality is built in with a washer/dryer combo, and upkeep is current with a full haul-out in 02/2025 and fresh bottom paint completed in 02/2025, ensuring the yacht is presented in turn-key condition.

Interior and accommodations

Thoughtfully arranged for private retreats and effortless hosting, the interior unfolds in a refined three-stateroom layout complemented by separate crew quarters, creating clear zoning between guest comfort and operational needs. A spacious salon flows into an open galley concept where premium finishes

and thoughtful ergonomics frame a fully equipped culinary workspace featuring a Miele range, an oven/microwave combination, a dishwasher, and a refrigerator/freezer, all designed for seamless service whether entertaining intimate gatherings or larger groups. Immersive entertainment is courtesy of a Bose home theater system, while high-end materials, modern Italian design cues, and expansive windows bathe the cabins and communal areas in natural light, resulting in an inviting, contemporary ambiance that balances sophistication and livability.

Deck and equipment

Purpose-built for open-air enjoyment, the sport-flybridge layout presides over teak decks that are maintained in excellent condition and a tender garage specifically configured to house a Williams 325 TurboJet. The hydraulic swim platform extends your waterside playground and makes launching effortless, while a generous bow sunpad with a removable sun shade bimini top invites leisurely relaxation on the foredeck. Aft, the cockpit is arranged for sociable lounging with its own sun shade, seamlessly complemented by an outdoor grill and a dedicated beverage refrigerator to keep refreshments perfectly chilled, all conceived to maximize time outside and create a cohesive onboard entertaining experience.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
