## OVERVIEW

---

If you're searching for a yacht in truly pristine shape, this one is a must-see—the owner elevates care and maintenance to a higher standard.

"MAXELINA" is the only Prestige 590S currently offered with the exceptional electric tender garage, letting you keep the entire hydraulic swim platform free for an additional jetski while protecting your tender in style. Unlike most, this Prestige 590S features a Sportfly flybridge, an opening electric hardtop over the salon, and that coveted tender garage—an ideal blend of sport yacht, express cruiser, and flybridge motor yacht.

This boat is spotless. She has been pampered by a fastidious owner who spares no expense, and is only being sold to move up to a larger motor yacht.

Features include:

Electric tender garage with integrated smart air compressor (tender not included)

New mesh bimini top, 2023

Teak-clad hydraulic swim platform with integrated steps

Upgraded titanium-coil air-conditioning system

Twin Cummins QSC8.3 engines on Zeus pods with three joystick stations

Enhanced interior finishes and premium A/V suite

Expanded Raymarine electronics/navigation package

Aft cockpit and foredeck sunshades

Sportfly bridge with deployable bimini

Expansive electric sunroof opening to the salon

Bright interior with oversized windows, aft galley-up, and 3-cabin/2-head layout with a private full-beam owner's suite

Underwater lights

85 GPH watermaker

21.5 kW Cummins Onan generator (approx. 550 hrs)

Upgraded electrical system for US/EU shore-power compatibility

Recent services

May 2023:

Bottom paint

Heat exchangers serviced

Coolers serviced

Complete engine service performed

Generator and A/C serviced

June 2023:

Full detail: engine room, compound, polish, and wax

A standout opportunity for the discerning yachtsman seeking a luxury sport cruiser—arrange a viewing or present an offer.

# DETAILED DESCRIPTION

---

## Transom

---

The transom is tailored for easy days on the water, with a teak hydraulic swim platform and integrated steps that lower you right to the sea, blue underwater lights that set the mood at anchor, solid tender chocks, and two fifty amp Glendinning shore power cords ready for any marina. Boarding is effortless thanks to a hydraulic passerelle and an integrated telescopic hydraulic walkway, while a swinging door keeps movement between cockpit and platform smooth and secure. The optional tender garage package (tender excluded) adds an electrically opening door, a relaxing cockpit seat with a folding backrest, an electric winch with launch ramp for quick deployment, and an upgraded electric inflator—finishing a stern layout worthy of a luxury flybridge motor yacht, sport cruiser, and express cruiser with hardtop.

## Aft deck

---

The aft deck invites you to linger with a teak cockpit table featuring folding leaves, a large sun pad with a tilting backrest, and two additional chairs set on a warm teak sole. Practicality is built in: there is tender access, direct access to the engine room, and an additional IPS cockpit joystick docking station for stress free maneuvering. Shade is on demand via an electric sunshade complemented by two extra sunshades, while an electric capstan to starboard simplifies mooring. Everyday comforts include main deck protective covers, freshwater washdown and dock water intake, courtesy lighting throughout, a cockpit ice maker, four cup holders, ample storage, overhead lights, and boarding doors to port and starboard—hallmarks of an easy to enjoy flybridge motor yacht and versatile sport cruiser.

## Flybridge

---

Ascend the teak steps to a flybridge designed for driving and unwinding, where a helm bench with a fold down backrest converts into an inviting sun pad and six cup holders keep refreshments secure. The foldable Oyster tone Bimini Sport Fly provides shade, while Raymarine HD SAT TV antennas, a Raymarine Quantum radar, search light, and horn add capability and safety. Command comes easy with twin Raymarine Axiom multifunction displays, precise joystick controls, a VHF inlet, and a convenient phone holder/charger, all complemented by a thermal camera—an ideal open air helm for a modern flybridge motor yacht and express cruiser.

## Bow

---

Forward, teak clad side decks lead to a teak foredeck with a generous sun bath pad, a lounge area with adjustable backrests, and a versatile hi lo table. Waterproof speakers set the soundtrack, while a foredeck shade sail on carbon supports creates a cool retreat. Anchoring is confident with a stainless steel bow anchor on a Lewmar windlass, backed by a two hundred forty kilogram force bow thruster with a double propeller for precise low speed control. Protective covers for the main deck, a teak sole underfoot, and four cup holders complete a foredeck that suits a refined motor yacht, sport cruiser, and express cruiser alike.

## Accommodations

---

Inside, a three stateroom, two head layout finished in gray oak balances light and warmth. A glass entry and a fold up galley window open the salon to the cockpit, while tropical air conditioning rated at eighty seven thousand BTU keeps the climate steady. The galley features a Laminan Greco Black worktop,

a stainless steel sink, an upgraded Miele microwave, a Villeroy & Boch crockery kit for eight, a large fridge/freezer, a three burner cooktop, overhead storage, a six place 110 volt dishwasher, and lacquered doors. In the salon, a large electric sunroof floods the space with sky, a forward folding table pairs with a U shaped settee, additional starboard seating opens to the side deck, a forty five inch TV with a Bose soundbar anchors entertainment, and a port window opens for fresh air. The lower helm offers a wide bench seat, twin Raymarine Axiom multifunction displays, a Raymarine VHF, joystick control, and a dedicated Cummins engine display. Aft, the private entrance master stateroom presents an island queen, a forty inch LED TV with a Bose soundbar, Excellence level finishes, a walk in closet, and a spacious head with a centerline walk in shower, plus booth seating to port, large hull side windows, luxury lamps with integrated reading lights in both forward and aft cabins, and a Mona Lison organic cotton and wool bed linen set with a towel kit. Forward via the companionway, a Miele washer (two hundred twenty volts, sixty hertz) serves the VIP and guest cabins. The VIP includes an island queen with storage below, hull side windows, a generous closet with a hanging locker, a thirty two inch TV with a Bose soundbar, and an ensuite head with a separate shower. The guest stateroom features twin berths, a hull side window, and a hanging locker—flexible, family friendly spaces ideal for a premium flybridge motor yacht and express cruiser.

## Electronics and A/V

---

The 2019 electronics package equips the helm for confident passage making with two Raymarine Axiom twelve inch multifunction GPS displays at the lower helm and two matching Axiom twelve inch screens on the flybridge, a Raymarine day/night backup camera, a Raymarine Ray91 VHF, a Cummins interface, and a Quantum radar. Audio is powered by a Bowers & Wilkins two hundred twenty volt package with two B&W Marine 6 speakers in the

cockpit, two B&W Marine 6 speakers on the flybridge, and two B&W Marine 6 speakers in the salon with subwoofers, all driven by an Atoll multizone receiver and amplifier with touch control on two hundred twenty volts. The entertainment pack adds a three terabyte hard drive, a Wi-Fi router, pre-wiring for a TV in the main living area with an electric support, pre-wiring in the aft owner's cabin and the forward VIP cabin, an amplified TV antenna, satellite ready cabling, and latest generation Wi-Fi 5G/LTE with PEPwave—connecting the comforts expected of a luxury motor yacht, sport cruiser, and express cruiser.

## Engine room

---

In the machinery space, custom shelving increases organized storage, while an upgraded electric converter system with thicker gauge wiring supports both US and EU power standards. Propulsion comes from Cummins QSC 8.3 Zeus engines—two six hundred horsepower units with joystick control—identified by serial numbers 22337958 and 22338296. Ship's power is delivered by a twenty one kilowatt Cummins Onan generator with underwater exhaust showing approximately four hundred fifty two hours, complemented by a two thousand watt converter. Monitoring and safety are enhanced with thermal cameras, and extended autonomy is assured by an eighty five gallon per hour watermaker and a galvanized isolator—robust engineering befitting a capable flybridge motor yacht and express cruiser.

## Manufacturer provided description

---

This sporty, elegant yacht blends a large, electrically controlled opening sunroof over the saloon with a generous flybridge, concentrating the core values of Prestige in crisp, dynamic lines. Designed by Garroni Design, the Prestige 590S stands out for its refined profile and powerful hull that inspires

confidence at sea, with immense windows set into a wide, elongated hull. She benefits from an optimized engine and control system built around twin six hundred horsepower Cummins engines on Zeus pods, a configuration matched to a tapered V shaped hull for intuitive joystick handling. The harmony of hull form and propulsion reduces noise and vibration while improving fuel efficiency—qualities that define a contemporary flybridge motor yacht, sport cruiser, and express cruiser with hardtop.
