## Design and layout highlights

---

On this flybridge motor yacht the main deck is laid out as a single-level, open living environment where the helm, galley and salon blend seamlessly, and broad panoramic windows wash the interior with daylight. A formal dining alcove anchored by a plush U shaped settee defines the entertaining area, while the open galley is comprehensively equipped with a convection oven, microwave, wine steward, ice maker and dishwasher. A retractable sunshade together with expansive sliding glass doors unites the cockpit and salon, creating an effortless flow for hosting and everyday enjoyment aboard a luxury cruiser and sport cruiser. Aft, the cockpit is designed for alfresco life with generous U shaped seating, a grill, refrigerator and an additional ice maker, while forward the foredeck lounge features crescent seating and wide sun pads for sunbathing and relaxed moments. The capacious flybridge beneath a hard top functions as an elevated lounge with a wet bar, grill and comfortable lounge seating, and an extended structural overhang provides welcome shade and protection to the cockpit below. Below decks the full beam master suite delivers residential comfort with a king sized bed, café seating, a walk in closet and an ensuite head with dual shower and double basins; the amidships VIP cabin offers a queen berth, private head with shower and its own walk in closet for enhanced privacy; a third cabin provides a snug twin bunk arrangement with TV and can convert into a light filled lower salon when desired. Practical amenities include a full size washer and dryer, a dedicated wine refrigerator and plentiful storage including walk in closets in both main cabins, while premium finishes such as a two tone real wood interior, salon wood flooring, designer upholstery, power blinds and Kohler fixtures complete the refined onboard environment.
