OVERVIEW

Set sail on an extraordinary adventure aboard the Tom Fexas designed Mikelson Nomad, a bespoke creation that truly stands out in the world of luxury yachts. Available in 59' and 62' configurations, this remarkable vessel features a generous split-level salon, galley, and pilothouse, making it ideal for prolonged voyages on the open water. Enjoy restful nights in three spacious staterooms, including a full-beam master suite, complemented by aft crew quarters for added convenience.

Enhancements such as a custom flying bridge and an expansive split-level cockpit with integrated in-transom bait tanks, along with a 3-foot cockpit extension, elevate your yachting experience. The well-designed stand-up engine room and a standard fuel capacity of 2,000 gallons (with options for additional capacity through hull extensions) ensure that this yacht is a formidable presence on the seas. With an impressive cruising speed of 12-16 knots, the Nomad not only matches but often surpasses the fuel efficiency of similarly sized trawlers, setting itself apart from the typical "long-range cruising" options. Powered by standard twin QSC-600 Cummins diesel engines, this exquisite yacht offers optional power packages tailored to your preferences. Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies elegance and performance.
