OVERVIEW

Meticulously maintained and comprehensively equipped, Edge IV offers a turnkey luxury motoryacht experience. Propulsion and close quarters handling are superbly engineered with Volvo Penta IPS 950 pods operated by joystick control, complemented by bow and stern thrusters, Yacht Controller functionality and an aft docking station that deliver precise, confidence inspiring maneuvering. Onboard systems include a Quick MC2X 19 gyro stabilizer to quiet the ride and Starlink to keep you connected offshore, while a hydraulic swim platform and an integrated tender garage simplify launching and stowage. Evenings are enhanced by Lumishore underwater lights and a FLIR night vision camera, and interior comfort is assured by 68,000 BTU U.S. air conditioning. The express cruiser layout seamlessly unites salon and cockpit through a door and opening window, and an electric aft canopy together with a hardtop accented in carbon fiber completes the elegant exterior appointments.

Tender is not included in sale. Easy to view in Fort Lauderdale.
