## OVERVIEW

---

We are pleased to confirm that our 2025 Tiara EX 60 “Galati Trade” is underway to the Fort Lauderdale International Boat Show and has arrived at Safe Harbor Aqua Yacht in Iuka, Mississippi, where she will be open for private previews through the first week of October; please contact our team to arrange an exclusive showing or for further details. Presented as the newest Tiara 60 EX available on the brokerage market, this 2025 example is propelled by twin Volvo Penta D13 IPS 1350 pod drives producing 1,000 hp apiece (2,000 hp total) and showing only 200 hours, all supported by active Volvo extended coverage. Tendered with meticulous freshwater Great Lakes ownership and stored indoors in heated facilities from November through April, she reflects careful stewardship and an exacting maintenance history. The interior offers a refined three-stateroom, two-head configuration that comfortably accommodates six guests within a 60'3" LOA and 16'11" beam, marrying the refinement of a cruising yacht with the dynamism of an express cruiser. The helm is appointed with a Volvo Glass Cockpit that integrates twin Garmin GPSMAP 22-inch displays, a Garmin Fantom 54 open-array radar and Volvo Joystick Docking for intuitive close-quarters handling, augmented by a FLIR M364C thermal camera and an engine room camera for enhanced situational awareness. At sea, a Seakeeper 9 gyro—covered by a Platinum warranty—delivers exceptional stability, while a full-boat ceramic coating preserves the vessel’s pristine finish. The aft cockpit is fitted with the Adventure Module to enhance angling capabilities, including rod holders, a coiled cooling system with baitwell and 12V reel plugs, and is complemented by port and starboard drop-down hullside terraces that expand the living footprint on the water. Entertaining is effortless thanks to a cockpit TV, ice maker, cockpit sunshade and a Mediterranean-style forward sunshade mounted on carbon fiber poles. Guest comfort is further elevated by a stackable washer/dryer in the owner’s suite, a galley food-waste disposer and a

Spot Zero water purifier, while connectivity is comprehensive via Starlink and KVH 24 TracVision HD7, all supported by manufacturer warranties. Poised between luxury sport yacht styling and serious cruising capability, this Tiara EX 60 presents a rare brokerage-market opportunity for discerning buyers seeking a late-model, immaculately maintained express yacht outfitted with modern, high-end systems.

## Description

---

The 2025 Tiara EX 60 is presented as the newest Tiara EX 60 on the brokerage market, a beautifully kept Great Lakes freshwater yacht that has benefitted from indoor heated storage each season from November through April. Propulsion is provided by twin Volvo Penta D13 IPS 1350 inboard pod drives, each producing one thousand horsepower for a combined output of two thousand horsepower; the engines have just two hundred hours and are supported by an active Volvo extended warranty. Comfort underway is further assured by a Seakeeper 9 gyro, covered by a Platinum warranty. The yacht accommodates six guests with ease in three staterooms and two heads, and measures 60'3" LOA with a 16'11" beam.

The helm is appointed with the Volvo Glass Cockpit, marrying twin Garmin GPSMAP 22" displays with a Garmin Fantom 54 array radar and intuitive Volvo joystick docking to inspire confidence when maneuvering in tight quarters. Enhanced situational awareness comes from an FLIR M364C camera and a dedicated engine room camera. The exterior benefits from a full-coverage ceramic coating and the reassurance of remaining manufacturer warranties. Designed for alfresco life, the aft cockpit's Adventure Module is outfitted with rod holders, a coiled cooling system and a baitwell, while port and starboard dropdown hullside terraces broaden the vessel's on-water footprint. Shade is provided by a Mediterranean-style forward sunshade mounted on carbon fiber poles and an aft cockpit sunshade, and entertainment is available via a cockpit TV.

A comprehensive electronics and security suite includes Starlink, KVH 24 TracVision HD7 and a GOST tracking system, and serious anglers will appreciate 12V reel plugs. Practical conveniences include a stackable washer

and dryer located in the owner's stateroom, a food waste disposal in the galley sink, an ice maker and a Spot Zero water purifier. Combining low hours, extensive warranties and an abundant options package, this Tiara EX 60 presents a rare, turnkey opportunity.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
