OVERVIEW

A beautifully appointed luxury motor yacht designed as an ideal hardtop sport cruiser and express cruiser for bluewater exploration, this vessel presents an upper-level galley and a thoughtful three-stateroom layout plus a dedicated crew cabin, all wrapped in a high-gloss walnut interior with upgraded upholstery and a convertible dinette table that adapts to both formal and casual living. A Brigg tender powered by a Honda outboard rides ready on deck, supported by an upgraded generator and a Seakeeper 9 gyro for exceptional onboard stability, while communications and entertainment are enhanced by KVH 7 with a second dome and elegant Targa uplighting that sets a refined mood.

Underwater illumination is striking and practical, with SeaBlaze blue/white lights—four on the transom and two additional—paired with a FLIR M232 thermal camera and an AIS 800 transceiver for superior situational awareness, and a Blue Water Legend 950 watermaker to sustain extended cruises. Intelligent surveillance includes awning, anchor, and engine room cameras, and tropical-rated air conditioning ensures comfortable conditions in every cabin. The aft lounge cockpit flows around a hi-lo cockpit table and wine cooler, with convenient port and starboard side entry doors, while the starboard-side platinum-painted wet bar replaces the standard lounge for a bespoke entertaining station.

The helm is a modern command center centered on Garmin GRM radar with Fathom CHIRP, a Garmin GSD 26 with CHIRP transducer, and twin 17-inch Volvo Glass Cockpit 8617 displays with GPS and grid, the autopilot fully integrated into the glass cockpit system. Nighttime presence is amplified by Hella EasyFit blue foredeck lighting (six per side), reinforced transom cleats, and two Garmin GC 200 cameras mounted beneath the Targa wings to port and starboard. Docking is made effortless by a Dock Boost system (twin DBT

15s), two cockpit docking stations with joystick controls, and a bow thruster. Practical luxury prevails throughout with solid-surface benchtops, a complete galleyware and bathware package, mattress protectors for all cabins including the crew berth, dual interior power points with USB, upgraded fabrics throughout, refined bedside inlays, and salon and galley stairs finished through the lower landing. Window treatments include white sheer roller shades in the salon and white blackout in the master, with additional fitted sheets supplied for the master and lower lounge; the staterooms feature upgraded 100% wool carpeting and premium Sunbrella upholstery enhances both the cockpit and the forward sun lounge, resulting in an elegant, capable, and sophisticated hardtop sport yacht crafted for refined cruising.

DETAILED DESCRIPTION

Repeat Riviera owners

This captain-maintained Riviera has been cherished by repeat Riviera owners, who are already planning their third vessel, and has been meticulously cared for and kept in impeccable condition, reflecting a level of attention and pride that is evident in every detail; she follows a North-South seasonal program and spends the winter months in Florida under the attentive daily oversight of a local captain.

Disclaimer

All details of this yacht are presented in good faith; however, no guarantee or warranty is given regarding the accuracy of the information or the condition of the vessel. The yacht is offered subject to prior sale, price change, or withdrawal from the market without notice, and the information is supplied as a courtesy by the broker to clients rather than as a direct representation of a specific yacht for sale.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
