## OVERVIEW

---

The 2021 Bluegame BG62 is a bold, next generation luxury motor yacht that marries sport utility versatility with quintessential Italian refinement. Driven by twin Volvo Penta IPS 1350s, she confidently cruises at 32 knots and can touch nearly 39 knots at her top, while intuitive joystick control ensures effortless, precise maneuvering—the very DNA of a sport yacht and express cruiser.

At almost 62 feet overall, this walkaround design unveils expansive sunpads, a streamlined hardtop over helm and cockpit, and a hydraulic aft platform that transforms into a beach club for watersports and simple tender launching, ideal for both open yacht and dayboat lifestyles. Below decks a contemporary, eco minded interior awaits, with a full beam owner's suite, an en suite guest cabin and a luminous, airy main salon flooded with natural light. Fashioned from sustainable materials with exquisite craftsmanship, the BG62 fuses performance, comfort and sophistication into an owner operator cruising yacht for those who prize adaptability, elegance and the ease of handling without a full crew.

# DETAILED DESCRIPTION

---

## Bluegame BG62

---

Delivered in 2021, this Bluegame BG62 is a bold, innovative luxury yacht that fuses sport utility versatility with Italian sophistication. Powered by twin Volvo Penta IPS 1350 engines, it offers effortless joystick handling, an easy 32 knot cruise and top speeds approaching 39 knots. At nearly 62 feet, the BG62 presents a true walkaround deck, expansive sunbathing areas, and a sleek hardtop cockpit, while a hydraulic stern platform rated to 600 kg makes water sports and tender launch seamless. Canvas Strataglass panels fully enclose the cockpit in the full version, a retractable gangway with pantograph steps simplifies boarding, and a 130 kgf bow thruster plus a Seakeeper 9 gyro stabilizer elevate precision and comfort. After dusk, a LED searchlight with remote control and underwater lights extend the ambience on the water.

Inside, contemporary, eco conscious finishes flood a spacious main saloon with natural light and frame a full beam master suite and a guest cabin with en suite, complemented by a fully appointed crew cabin with toilet, bed, cabinet, and air conditioning. The hardtop carries custom metallic painting, and the specification is meticulously curated: hull in Grey 7038, deck in White 9010, hardtop frame in Black 9004 with a metallic grey upper section, and teak caulking in grey. Electronics are upgraded with a Volvo Glass Cockpit specified with a 16 inch display in lieu of the standard 12 inch and a FLIR M232 night vision camera. High performance antifouling for the IPS drives and a set of fender covers and rope covers underline thoughtful care, while a neatly integrated additional cockpit fridge beneath the co pilot seat caters to the tropical A/C configuration. Balanced, efficient, and exquisitely detailed, this BG62 is equally suited to owner operation without crew and relaxed Mediterranean cruising. Lying in Athens, Greece.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.
