OVERVIEW

PRINCESS 60 | 2012 | PRESENTED IN PRISTINE ORDER

An exceptional 60ft flybridge motor yacht from Princess, delivered in 2012 and maintained without compromise. VAT paid and packed with thoughtful upgrades, this pre-owned luxury cruiser is truly turn-key—ideal for elegant coastal passages and Mediterranean adventures.

ELEGANCE MEETS PERFORMANCE

Balancing style and seakeeping, the Princess 60 showcases sleek lines, generous deck areas, and a refined interior that marries timeless joinery with contemporary finishes. Host on the expansive flybridge—complete with wet bar and sunpad—or unwind in the light-filled saloon; every space has been crafted for effortless enjoyment aboard this flybridge yacht.

LUXURIOUS ACCOMMODATION

3 beautifully proportioned cabins, each with its own en-suite, delivering privacy and comfort for family and guests.

Separate crew cabin for 2, ensuring discreet, hotel-style service on board.

Signature Princess layout with a galley featuring a sliding glass panel, a dedicated lounge with TV/media hub, and a sociable U-shaped dining area.

HIGHLIGHTS & KEY FEATURES

Immaculate condition—fully serviced and readied for the 2025 season

All-new teak on platform, side decks, and foredeck (2025)

Variable-speed bow and stern thrusters for confident close-quarters handling

Electro-hydraulic passerelle and bathing platform for smooth boarding and tender ops

Onan 13.5 kW generator for reliable onboard power

Williams 325 jet tender included

Tecnicomar watermaker, 220 l/h

High-fidelity audio and LED TVs throughout the cabins for premium entertainment

Fully outfitted galley with dishwasher, refrigerator, freezer, and oven

ADVANCED NAVIGATION & COMFORT SYSTEMS

Dual-station Simrad NSS12 radar/plotter/GPS for precise route planning

Autopilot, VHF, and depth sounder for assured cruising

Reversible windlass with multiple control points and 80m chain

Transom underwater lights for evening ambience

Flybridge wet bar with electric BBQ and refrigerated cool box

Reverse-cycle air conditioning, 74,000 BTU, for year-round comfort

THE PRINCESS EXPERIENCE

With impressive range and refined ride quality, this Princess 60 flybridge motor yacht invites long, relaxed cruises—equally at home gliding between chic marinas or anchoring in peaceful bays. A standout opportunity in the 60-foot luxury motor yacht category.

NAVIGATIONAL EQUIPMENT

Variable-speed thrusters: 130 kgf bow and 170 kgf stern, dual control

Dual-station Simrad NSS12 multifunction displays (12.1" brilliant color) at upper helm with radar/plotter/GPS

Dual-station speed and distance log

Dual-station echo sounder with alarm

EU-spec VHF

Power-assisted hydraulic steering

Dual-station electric trim tabs with indicators

Dual-station autopilot

Dual-station VHF

Remote searchlight

DECK FITTINGS

Teak-laid decks throughout

Reversible anchor windlass with foredeck, helm, and flybridge controls

Stemhead roller with automatic launch/retrieve

Self-stowing 25 kg (55 lbs) Delta anchor with 80 m chain

Full IMCO navigation lights

Freshwater anchor/deck wash on foredeck

Underwater transom lighting

Flybridge U-shaped sofa with folding table

Flybridge sunbed

Flybridge wet bar with electric BBQ

Flybridge refrigerated cool box

Cockpit U-shaped seating with teak folding table

Electro-hydraulic bimini with integrated lighting

Passerelle

Electro-hydraulic bathing platform

SHIP'S SYSTEMS

Electric freshwater toilets with holding tank

Premium audio package

24V DC / 240V AC electrical system

220V/240V sockets

iPod docking station in saloon

Automatic electric bilge pumps with manual override

GENERATOR

Onan 13.5 kW / 50 Hz (hours available on request)

AIR CONDITIONING / HEATING

Reverse-cycle system, 74,000 BTU

INTERIOR EQUIPMENT

Saloon with U-shaped sofa and coffee table, opposite sofa for additional seating

Entertainment unit with LED TV and DVD/radio plus surround sound

Cocktail cabinet with storage, refrigerator, and icemaker

U-shaped dining area with additional stools

Day-access door to forward bathroom

Combination microwave/conventional oven/grill

Full-height refrigerator with deep freeze

Additional cocktail cabinet with icemaker and refrigerator

Starboard guest cabin with electric sliding berths converting to a double

Separate washing machine and condenser dryer

19" LED TV/Radio/DVD/MP3 in forward cabin

19" LED TV/Radio/DVD/MP3 in starboard cabin

LED TV/Radio/DVD/MP3 in master cabin

Dishwasher in galley

A refined, Med-ready flybridge cruiser—an outstanding pre-owned Princess motor yacht in the 60-foot class.

DETAILED DESCRIPTION

Equipment

The yacht's equipment has been curated for confident, comfortable cruising. Precision handling starts with variable speed bow and stern thrusters rated at 130 kgf forward and 170 kgf aft, both with dual controls, while a dual station radar/chart plotter/GPS suite built around Simrad NSS12 multifunction systems delivers clear situational awareness, including a brilliant 12.1 inch color display at the upper helm. Both helms benefit from speed and distance logs, an echo sounder with alarm, EU spec dual station VHF, power assisted hydraulic steering, and electric trim tabs with indicators, complemented by dual station autopilot and a remote control searchlight for confident night approaches.

On deck, full teak runs throughout for secure footing. Anchoring is effortless thanks to a reversible windlass with controls at the foredeck, main helm, and flybridge, a stemhead roller with automatic launch and retrieval, and a self stowing Delta anchor of 25 kg (55 lbs) on sixty meters of chain. A complete IMCO navigation light package, a freshwater anchor/deck wash on the foredeck, and underwater transom lighting add safety and ambience. Social areas are thoughtfully arranged: the flybridge offers a U shaped sofa with a folding table, a sunbed, a wet bar with electric BBQ, and a refrigerated cool box, while the cockpit mirrors this convivial layout with U shaped seating and a teak folding table. Practical touches include an electro hydraulically powered bimini with integrated lighting, a passerelle for easy boarding, and an electro hydraulic bathing platform.

Ship's systems focus on reliability and ease of use, with electric freshwater flush toilets feeding a holding tank, a premium audio system, a 24V DC/240V AC electrical architecture with 220V/240V sockets, an iPod docking station in

the saloon, and automatic electric bilge pumps with manual override.

Independent power is assured by an ONAN generator delivering 13.5 kW at fifty hertz, showing approximately 985 hours.

Climate control is comprehensive: reverse cycle air conditioning/heating rated at 74,000 BTU keeps all areas comfortable. The accommodation plan provides three cabins plus a crew cabin, comprising two double berths with en suite bathrooms, one twin with en suite, and a twin crew cabin with its own head. The saloon invites relaxed gatherings with a U shaped sofa and coffee table opposite a second sofa, an entertainment center with LED TV and DVD/radio with surround sound, a cocktail cabinet with storage, refrigerator and icemaker, and a dining area with U shaped seating and additional stools. Convenient day access to the forward bathroom is provided by a dedicated door.

Interior equipment completes the specification: a combination microwave/conventional oven/grill supports easy meal prep, a full height refrigerator with deep freeze keeps provisions organized, and a second cocktail cabinet adds an icemaker and refrigerator. In the starboard cabin, electric sliding berths convert swiftly to a double, while a separate washing machine and condenser dryer simplify longer stays. Entertainment continues in the cabins with nineteen inch LED TV/Radio/DVD/MP3 units in the forward and starboard cabins, and the galley is finished with a dishwasher for turn key convenience.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
