OVERVIEW

A study in balance and capability, this 2012 61-foot luxury motor yacht marries lively handling with the quiet assurance of genuine offshore lineage.

Constructed in the United States of fiberglass composite and shaped on a deep V hull, she offers a composed ride and outstanding seakeeping, blending brisk acceleration with economical long-range cruising. Twin MAN diesel inboards supply the dependable torque owners expect, while generous fuel capacity affords extended passages and fewer interruptions to the journey.

At 61 feet overall and with a 16-foot beam, the yacht's dimensions create notable interior volume and an intuitive flow. Light-filled social areas extend from the helm into the aft cockpit, enabling seamless shifts from an invigorating morning run to a tranquil afternoon at anchor. Non-skid fiberglass decks provide a secure, purposeful feel underfoot, and wide walkways make line handling and anchoring as refined as the rest of the vessel.

Inside, the mood is calm, contemporary, and welcoming—ideal for quiet conversation or unhurried meals with the sea as a constant backdrop. The salon is appointed with plush seating and tasteful joinery, centered on a well-equipped galley ready for weekend feasts or weeklong cruising. Below decks, accommodations for four are arranged to ensure privacy and comfort, complemented by two beautifully finished heads. Every cabin and locker is tuned for restorative rest, thoughtful stowage, and an easy onboard rhythm so family and guests can settle in and stay awhile.

Underway, the deep V running surface inspires confidence in mixed seas, carving a precise course at speed and softening the motion when conditions stretch. The hull's considered geometry works with the diesel inboards to produce an engaging helm feel and reassuring control, equally adept threading a harbor or venturing into blue water. Ample water capacity supports daily life

aboard while the generous fuel stores invite longer itineraries and broader horizons.

For owners seeking the polish of a luxury motor yacht combined with the spirit of a performance cruiser, this 61-footer occupies the sweet spot: an elegant express/cruising yacht with genuine offshore credibility. Versatile as a sport yacht for weekend escapes and capable as a bluewater companion for coastal passages, this timeless fiberglass deep V, diesel inboard design rewards every mile with grace and composure.

DETAILED DESCRIPTION

Boat highlights

Fresh from her yard period, RECON ROYALE presents impeccably after a focused round of upgrades and maintenance, with the owner electing to repaint the bottom, replace the cutlass bearings and invest in an all new Garmin electronics suite for approximately \$35k that features, among other highlights, two Garmin 16 inch screens, Garmin GMX 54 satellite weather/radio, Garmin autopilot, Garmin GMR 434 XHD3 radar, Garmin VHF 115 and a FLIR M232 pan tilt thermal camera; the teak decking on the hydraulic swim platform was removed and replaced with fresh diamond pattern non skid for secure footing and a modern, low maintenance finish. Exceptionally clean and always show ready, she benefits from a meticulous owner who ensures monthly maintenance without fail, and she displays the desirable white hull with a complete exterior ceramic coating recently applied to exterior fiberglass, all stainless surfaces and all exterior windows, while entertainment and sound have been upgraded with a JL Audio MediaMaster 50 stereo complemented by Kicker backlit cockpit speakers and hardtop speakers. Thoughtful amenities abound, including a hydraulic lift, underwater lights, an electric sunroof, night vision, engine room and back up cameras, bow and stern thrusters, a Yacht Controller system, elegant teak decking, an aft folding cockpit sunpad and much more, and all MAN service is believed to be up to date. RECON ROYALE's recent upgrade cadence underscores her turnkey status: in June 2025 she received new bottom paint along with a comprehensive Garmin refresh—Garmin GPS 8616 XSV chartplotter (upgrade), Garmin GPS 8616 chartplotter GN+ (upgrade), FLIR M232 pan tilt thermal camera (upgrade), Garmin GMX 54 satellite weather/radio in black (upgrade), Garmin GMR 434 XHD3 radar (upgrade) and

Garmin VHF 115 (upgrade)—and the cutlass bearings were replaced; in December 2024 a complete exterior ceramic coating was applied to the exterior fiberglass, all stainless surfaces and all exterior windows; in November 2024 new engine room lights were installed and the 1000 hour/two year engine service was completed; in March 2024 six new starting and thruster batteries were fitted along with a Pronautic 2430P 24V 30 amp charger; and in November 2023 Starlink was installed to keep you connected offshore. Further premium equipment elevates every moment on board and includes the Yacht Controller engine remote control system (upgrade), the JL Audio MediaMaster 50 upgraded stereo (upgrade), Kicker backlit cockpit speakers (upgrade), hardtop speakers (upgrade), bow sunpads with backrests and a spacious cockpit sunpad, a Whirlpool beverage refrigerator, back up and engine room cameras, twin MAN 1100 HP engines, a 21.5 kW Onan generator, bow and stern thrusters, a climate controlled cockpit sunroom, two large independently actuated sunroofs, a pair of spare propellers with holder, underwater transom lighting, a Kenyon cockpit grill, a Kenyon electric three burner stove and a Beam built in vacuum cleaner—among many more thoughtful touches. Call now to schedule your appointment and set sail in style; have a trade? We will consider it—reach out to discuss.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
