OVERVIEW

Driven by twin MAN LE403 diesel engines, each rated at 800 hp, this luxury motor yacht and sport cruiser exhibits composed, assured performance. Both port and starboard engines registered approximately 1,450 hours as of May 2025, settling into a comfortable 22-knot cruise and capable of reaching about 31 knots at full throttle. Handling is precise and responsive thanks to trim tabs, hydraulic steering, and both bow and stern thrusters, each fitted for dual-station operation and remote control—qualities that underscore its identity as a refined, planing performance cruiser and express yacht.
