## OVERVIEW

---

Ataraxis is a stunning catamaran crafted in South Africa, perfectly designed for both private enjoyment and day charters, thanks to its expansive interior space. The owner has navigated from South Africa to Madagascar and onward to Mauritius, covering impressive distances with utmost comfort and security. This yacht boasts exceptional fuel efficiency, offering a remarkable range of over 1000 nautical miles, and is fully equipped for extended voyages. In terms of configuration, Ataraxis features three guest cabins, each with en-suite facilities, along with two crew cabins located in each hull. The master suite is generously sized, situated at the front, complete with an en-suite bathroom and a walk-in wardrobe on either side. The flybridge enhances the experience, providing an expansive feel akin to an 85-foot yacht within a 64-foot frame. Recently, the hulls were beautifully resprayed in Sicily, and the yacht is now positioned in Malta, ready for its next owner. This is a prime opportunity in the yacht sales market in the current boat location, and viewings are highly encouraged for those looking to buy a yacht.
