DETAILED DESCRIPTION

Features

The main salon exudes understated elegance with bespoke Moabi wood joinery accented by Venetian blinds, Metrum Brown valances, and an Oasis Taupe wool carpet underfoot. A pristine white sofa and matching settee create a serene seating area, while a concealed pop-up television with DIRECTV and a Bose V25 home cinema system deliver cinema-quality audio-visual experiences. Practical conveniences include a 110V/60Hz icemaker and a central vacuum system, thoughtfully integrated to preserve the salon's refined atmosphere.

The galley, which flows easily onto the aft deck to facilitate effortless entertaining, is comprehensively outfitted with a combination microwave/conventional oven, a downdraft stovetop with hood, a generous sink, and an island with built-in storage. Refrigeration and freezing are handled by Vitrifrigo units that were installed new in 2023, ensuring dependable cold storage for extended cruising.

Crew accommodations are accessed directly from the aft deck and comprise two single berths, independent air conditioning, a private head, and a convenient washer/dryer combo unit — a practical layout designed for comfort and efficiency.

Accommodation forward includes a master stateroom with a walkaround queen berth flanked by port and starboard hanging lockers and end tables, complemented by a Samsung television with DIRECTV and a private head with a separate shower. The VIP stateroom features a twin berth, its own Samsung TV with DIRECTV, a head with separate shower, and a Fusion MS-AV700i entertainment unit. The twin cabin offers two single berths and an ensuite head with shower, providing versatile guest arrangements.

Deck hardware emphasizes confident handling and leisure in equal measure: an electric windlass with remote control, a stainless steel pulpit and a remote-operated searchlight all speak to secure, convenient operation. Bow seating beneath a retractable Bimini, underwater lighting, and a hydraulic swim platform expand leisure options, while holding is assured by a 40 kg Delta anchor with approximately 300 feet of 12 mm chain.

At the helm, an electrically adjustable pilot seat, power-assisted hydraulic steering, and Lenco trim tabs with position indicators provide precise command. Additional operational features include a battery parallel function, two power-retractable side windows in the forward salon, Volvo Penta rudder indicators at both helms, Quick bow thruster controls on both stations, and a joystick with Skyhook for intuitive station-keeping.

The flybridge is arranged for social, open-air cruising and centers on a wet bar with sink and electric grill, set upon a teak deck beneath a Sunbrella Bimini. Premium Bose speakers, two Sea Safe lift rafts rated for six persons each, a Fridgiboat refrigerator, and a joystick with Skyhook enhance safety and onboard comfort. The cockpit continues the theme of effortless enjoyment with teak decking, a telescoping swim ladder, hot-and-cold transom shower, a retractable electric sunshade, an IPS joystick with Skyhook, Bose audio, and a Cablemaster for shore power management.

Power and climate systems include a bow thruster, house batteries replaced in December 2023, main engine batteries renewed in May 2023, and two CruiseAir chillers with the lower unit updated in 2022 and the upper in 2023; a spotlight was also replaced in 2023. Navigation and communications are provided by Raymarine electronics, including a W125 GPS on the flybridge, two GS165 displays inside, an HD RD unit, a 260 VHF dual station, an AIS 650 receiver, autopilot, and SAT TV for global connectivity.

Below decks, the machinery spaces are well equipped with a BlueWater watermaker, SeaFire fire suppression equipment, and an Onan generator

rated at 17.5 kW (120/240V, 60Hz). Electrical support is supplied by a Cristec 12V battery charger alongside two Mastervolt 24V chargers, and waste management is handled by a Vacuflush holding tank, reflecting meticulous marine engineering.

Notable additional attributes include a Highfield tender, a comprehensive engine service records file, LLC ownership, an aft docking station, and a joystick for precise, close-quarters maneuvering — all underscoring a yacht configured for confident, luxurious cruising.

Disclaimer

The details provided for this yacht are presented in good faith; nonetheless, their accuracy and completeness cannot be guaranteed, and no warranty is given concerning the condition of the vessel. The yacht is offered subject to prior sale, alteration of price, or removal from the market without prior notice.
