OVERVIEW

This exquisite Hampton 620 motor yacht presents an exceptional blend of luxury and functionality, perfect for a cruising couple. The spacious aft deck seamlessly transitions into the elegant salon, while just a few steps lead up to a generously sized galley equipped with high-end appliances and a convenient pass-through counter that connects to a large U-shaped settee. The 62 Hampton boasts several enhancements over the 63 model, including a more expansive aft deck and a fresh exterior design featuring gracefully curved salon windows and other modern touches.

Having been sheltered and maintained in freshwater for the last five years, this yacht appears as if it were brand new. It is powered by reliable Caterpillar C 18 engines and features twin generators with an inverter, ensuring both performance and peace of mind.

The yacht also includes a climate-controlled modified Sky Lounge, outfitted with a comprehensive suite of electronics. A spacious settee in the Sky Lounge provides an inviting space for casual dining and entertaining, making it ideal for social gatherings.

This is a remarkable chance to acquire a turn-key yacht in the current boat location, perfect for those looking to buy a yacht that combines elegance with practicality. Don't miss out on this opportunity in the yacht sales market in the current boat location!
