OVERVIEW

FAST ONE is back on the market, presenting a rare opportunity to acquire an impeccably maintained luxury performance dayboat and open sport yacht that stands apart in today's offerings. Recently the subject of an extensive enhancement program and cared for by a full time Captain, she is offered in outstanding condition for a buyer seeking a high performance motor yacht that combines striking design, engineering pedigree and practical substance. Commercially registered and actively earning as a successful charter yacht, FAST ONE arrives with a proven operating record and an established revenue stream. Both main engines and the generator have been serviced strictly to OEM schedules, and a complete, itemized maintenance history is available on request to provide full transparency and reassurance to her next owner. The specification is exceptionally comprehensive: an aft awning, refined climate control throughout, a backlit transom name, and a 43 inch cockpit television on a lift are complemented by extensive covers and protective canvas. Thoughtful bespoke items include custom backpack and duffle travel bags, a comfortable double cabin, an advanced dynamic control system and electrically actuated cockpit tables paired with a fully equipped exterior bar. Practical gear such as fenders with tailor made socks and full protection glazing sit alongside the distinctive Edition 63 graphics. For comfort both at speed and at rest, a Seakeeper gyroscopic stabilizer (Seakeeper 6) has been fitted, while a premium hi fi installation and an advanced hyper manoeuvring system enhance entertainment and handling. The yacht is presented with curated linens and accessories, shimmering Ad Personam metallic paintwork, a full mooring pack, a passenger monitor and control interface, personalized embroidery and underwater lighting, creating a turnkey, luxurious package. Two Lamborghini Seabob FS5 Limited Edition units, finished to match the hull and supplied with an autonomous fast charging station, are included in the

sale, offering a thrilling complement for high speed water play or service as an unforgettable tender.

Performance has been engineered with precision: selectable driving modes cover Docking, Cruise and Performance, while an Eco mode reduces consumption without sacrificing responsiveness. An advanced joystick docking system, supported by an upgraded bow thruster, makes close quarters manoeuvring effortless, and the Seakeeper 6 provides exceptional stability and comfort across a range of sea states, reinforcing her credentials as a planing, high performance cruiser.

On board, the layout and systems are tailored for premium day cruising and entertaining. A full RGB ambient lighting suite sets the scene, the retractable 43 inch cockpit television and electrically adjustable tables convert the deck from sun lounge to sociable salon, dedicated air conditioning for the helm ensures composure on warm days, and the exterior bar facilitates effortless hospitality.

Technology and entertainment are state of the art: a premium navigation package integrates with a 15.6 inch passenger touchscreen interface, while performance displays mounted within the carbon fiber hardtop keep essential data in clear view. A CCTV monitoring system enhances situational awareness and safety, and an upgraded audio system delivers immersive sound throughout the yacht.

Design and finish reflect the marque's inspirational source: Ad Personam metallic paint, Edition 63 graphics and the Carbon Light package—including the hardtop and signature components—are matched by Lamborghini branded upholstery with bespoke detailing. Custom carbon elements and a tailored galley solution further elevate the interior, producing an aesthetic that is at once assertive and unmistakably refined.

Additional gear reinforces the vessel's turn key appeal: twin Victron chargers, a cockpit sink, underwater lights, a generous bathing platform and a

carbon look T top; domestic comforts include full air conditioning, intuitive home automation control and an integrated camera system. Entertainment is served by three televisions, and the galley is comprehensively equipped with two freezers, a stove, a Miele oven, a Miele dishwasher, an ice maker, a coffee machine and a Miele glass ceramic cooktop. Plush, full cushions complete the onboard comfort, ensuring every lounging and sunning area invites relaxation. In sum, FAST ONE represents a rare convergence of pedigree, specification and condition: a thrilling open motor yacht with proven charter credentials, supercar inspired detailing and the poise to satisfy both owner operators and professional crews from the first moment on board.
