OVERVIEW

Factory-fresh 2026 Moon 60 Power, Owner's Version, launched May 2026, four cabins and powered by twin 800 hp engines — this exceptional flybridge catamaran is offered for immediate delivery with no lead time and handover can be arranged anywhere in the Mediterranean, the United States, the Caribbean, the Middle East, Asia or Australia. Designed as a blue water luxury power catamaran, it marries the presence and refinement of an upscale motor yacht with the fuel efficiency and seaworthy stability of a performance multihull, making it ideal for private family cruising or high end crewed charters.

Accommodating eight guests and two crew, the layout centres on a sumptuous owner's suite plus three further double guest cabins and two crew cabins, each appointed with en suite facilities. The light, contemporary interior is finished in refined materials and arranged with intelligent flow: an open plan saloon that distinguishes dining and lounge areas, a fully equipped bar and a discreet drop down television set beneath expansive panoramic glazing. The main deck promotes seamless indoor outdoor living, linking the air conditioned saloon to a generous aft cockpit furnished with a sofa and alfresco dining, while the forward cockpit provides an inviting space for relaxed sunbathing.

Outside, full natural teak decks wrap around abundant entertaining zones and culminate in a generous flybridge set up for resort style days at sea — sofas, sun pads, two coffee tables, and a second wet bar with fridge, ice maker, sink and generous storage are complemented by a jacuzzi/hot tub for ultimate onboard leisure. A hydraulic swim platform with a 900 kg capacity simplifies tender launch and recovery, and extensive stowage throughout the yacht keeps water toys and equipment neatly organised. Performance is delivered by twin 800 hp engines, yielding a top speed of approximately 20 knots while offering exceptional economy at an 8–10 knot cruise and a genuine

transatlantic range. The MOON 60 POWER arrives comprehensively specified and enhanced with numerous upgrades; full specification and additional renderings are available on request, and viewings can be arranged to secure this remarkable flybridge catamaran with immediate worldwide delivery.
