DETAILED DESCRIPTION

Tecnomar for Lamborghini 63 yacht

Welcome to a trailblazing force in yacht charter and brokerage, where new benchmarks of luxury and professionalism are set at sea, and discover the pinnacle of maritime opulence with the Tecnomar for Lamborghini 63, a limited-edition collaboration between the revered Italian shipyard and the iconic automaker Lamborghini that embodies the avant-garde of luxury speed boats through an uncompromising fusion of power, performance, and style. Often hailed as the Raging Bull of the Sea, this sixty-three foot masterpiece sculpted with Centro Stile presents a daring, aerodynamic silhouette that echoes Lamborghini's most visionary automobiles, pairing a high-performance hull with a protective Hard Top inspired by the marque's concept cars and extensive use of carbon fiber that classifies it as an ultralight boat with a maximum weight of 24 tons, delivering not only exhilarating speed but a dynamic lightness that mirrors the responsiveness of Lamborghini supersport cars. Twin MAN V12 Biturbo engines, each producing 2,000 horsepower, summon a total power of 4000 CV, unleashing a thrilling top speed of 60 knots and a composed cruising speed of 41 knots, while its dimensions make its intent unmistakable: length 19.20 m (63 ft) and width 5.4 m (18 ft). Step inside to discover three distinct interior configurations that are each a refined statement of maritime luxury and innovation: Serenity (Lounge Elegance) celebrates open-space sophistication with a fully equipped galley, a convenient day head for guests, generous lounge sofas, a thoughtfully appointed wardrobe, and an owner's private bathroom for absolute discretion; Grace (Singular Opulence) evolves the Lounge ethos into a sanctuary with a king-size bed, a generously proportioned forward cabin, and a dedicated owner's bathroom for an exclusive retreat; Versatility (Dual Haven) masterfully

optimizes space with a master cabin featuring a king size bed and a guest cabin adaptable for friends or children, including the option of two separate single beds. A seafarer's delight in every respect, the Tecnomar for Lamborghini 63 reveals an expansive interior spanning 63 feet by 17 feet 9 inches, complemented by indulgent sunbathing areas, a decidedly sporty cockpit, and state of the art digital dials, the contemporary expression of Lamborghini's synthesis of power, performance, and opulence that delivers absolute comfort and presence on the open sea; note that this is the only Lamborghini 63 available for direct delivery worldwide and the next new deliveries are in 2026.
