OVERVIEW

Step aboard this graceful Hatteras luxury motor yacht and discover a vessel refined by thoughtful upgrades and purposeful systems. She is driven by CAT 3412E series diesels and supported by twin Onan 21 kW gensets, a pairing that delivers assured performance and serene cruising manners. Optional solid-teak soles grace the cockpit and flybridge, while a trio of portlights above the berth and an additional portlight in each of the three heads introduce welcome daylight and cross-ventilation below.

Three elegant staterooms, each with its own ensuite, present crisp lines and luxurious comfort appropriate to a premium cruising yacht, the owner's suite distinguished by a bathtub that enhances liveaboard ease. Forward, an expansive sun pad and a polished stainless-steel anchor punctuate the foredeck, and interior appointments such as designer upholstery reinforce the yacht's bespoke character. Navigation and safety are augmented by dual radars, and a low-profile, concealed davit preserves sightlines while offering practical utility.

Systems access and upkeep are simplified by a standing-height, walk-in engine room and a generous tool and utility lazarette, while additional aft stowage accessible from the swim platform includes the optional stern line control windlass. The aft deck is appointed with a beautifully inlaid varnished table for alfresco dining, and the fully enclosed flybridge ensures enjoyment in all conditions.

A true Flybridge Yacht and Motor Yacht, equally at home as a Luxury Yacht or a cruising liveaboard, she is available for viewing at her freshwater berth on South Lake Union.
