## OVERVIEW

---

Blending a true bluewater pedigree with the refinement of a motor yacht, this tournament-ready sportfishing convertible arrives fully equipped with Optiplex vessel management and a commanding 1,950-gallon fuel capacity, while recently serviced machinery includes a brand-new port engine covered by factory warranty and a starboard top-end refresh addressing heads and uppers. Redundant power is supplied by twin generators, and offshore confidence is assured by a full Garmin electronics suite paired with a Simrad autopilot. A PipeWelders tuna tower soars above the flybridge and is shaded by a Venezuelan sunshade, while a practical swim platform and elegant teak cockpit sole provide effortless access to the water and refined underfoot comfort. Serious anglers will appreciate the Release fighting chair with a matching Release teak table, the Dometic Eskimo ice chipper that feeds the fishboxes, recently renewed zinc plates, and a Marquipt davit for handling tenders. Climate comfort is extended to both mezzanine and cockpit through Cruise Air air conditioning, and the interior and exterior were refreshed in August 2023 with sumptuous Ultra Leather, resulting in a sleek, turnkey sportfishing yacht ready for offshore adventure or stylish cruising.

## DETAILED DESCRIPTION

---

### 2010 Viking 64' sportfish convertible Safari

---

Enter through the salon's electric door into a living area flooded with daylight from an expansive aft window, where an L shaped leather settee with generous under seat storage curves around a coffee table that conceals additional stowage, all accented by plentiful cabinetry and new carpeting underfoot. A substantial galley island anchors the space with two bar stool seats, while forward to starboard a settee and U shaped sofa form an inviting dining nook opposite a Sharp flat screen TV.

The galley is appointed with granite counters and an abundance of high end appliances, including two Sub Zero refrigerators and two Sub Zero freezers, a four burner Kenyon cooktop, a stainless steel sink, a Kenmore trash compactor, and a Sharp Carousel convection unit, supported by ample cabinet space and durable synthetic teak decking.

The master head is well equipped with a Dometic toilet, a stand up shower, a small closet, vanity sink and mirror, and built in cabinets, plus a Sony 42 inch TV. The master stateroom features an island berth, wall to wall carpeting, plentiful cabinetry and a dresser, Bose surround sound, a Sony flat screen TV with soundbar, and a locker closet. The starboard aft guest stateroom offers side by side berths, a Samsung TV, dual speakers, storage cabinets and a closet. Along the companionway, a Whirlpool washer and Whirlpool dryer face a dedicated towel closet for easy housekeeping.

Designed for tournament performance, the cockpit presents a swim platform aft with a starboard cockpit door, a centerline cockpit table with cup holders, six gunnel rod holders and six rocket launchers. Shore power is neatly handled by a starboard Glendening cable master, while systems for the working deck include a fresh water washdown to port, a port side deck live well, a

port side deck ice chipper, and starboard fish boxes with macerator pumps. Mezzanine seating aft benefits from A/C vents and cold water misters, with dry box storage forward of the mezzanine seats and additional dry box stowage forward of the salon door, tackle storage adjacent to the salon entrance, engine room access via the mezzanine, the salon's electric door, and stairs to the flybridge to starboard.

The flybridge is appointed for serious command with two Release Marine captain's chairs facing Palm Beach style controls and a comprehensive electronics suite that includes two MTU engine data displays, two Miya Enoch US 9R electric teaser reels, three Garmin multifunction screens, a Garmin depth finder, a Clarion radio, Garmin autopilot, two VHF marine units, and a Side Power bow thruster. Entertainment and protection are provided by four JL Audio speakers and an isinglass enclosure, while accommodations for crew and gear include a long bench seat forward to starboard, forward of helm seating with storage beneath, two large storage coolers forward of the helm, a doghouse under the forward bench, a fresh water washdown to starboard, and outriggers to complete the tournament ready setup.

Rising above, a Pipe Welder tuna tower beneath a hardtop carries a Garmin multi function display, a Simard AP24 and a Ritchie compass, with a leaning post for confident spotting. On the foredeck a Lewmar anchor stows within reach of the anchor locker, six cleats line the rails, and an open foredeck with a crane expands utility and launching options.

Down below in the engine room are twin MTU 12V2000 engines supported by an Aquamatic reverse osmosis desalination water maker, two Onan Cummins 21.5 kW generators, and a Dometic Eskimo ice chipper, providing the power and self sufficiency expected of a true sportfishing convertible.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
