OVERVIEW

Conceived as an ultra limited partnership with Automobili Lamborghini and created in tribute to that storied supercar house, M/Y BIANCINO 3 is hull number one of the 20.00 m (65'7") high performance motor yacht series by Tecnomar, launched in 2021. As a member of the Tecnomar for Lamborghini 63 family, she embodies a rare fusion of pure driving exhilaration, painstaking attention to detail and emotional design, marrying state of the art engineering with the unmistakable refinement of Italian automotive heritage. A pinnacle of sporty luxury, M/Y BIANCINO 3 pushes the boundaries of the genre with a concept born from two clear objectives: maximum speed and minimized mass. Twin MAN V12 2000 hp powerplants drive this thoroughbred to an adrenaline charged 63 knots, while extensive carbon fiber construction delivers an ultralight identity—just 24 tons for a 63 foot open yacht—ensuring razor sharp performance and agility.

The interior palette favors advanced, lightweight materials and high technology finishes selected to reduce weight and enhance functionality, each surface and joint finished by Italy's finest craftsmen to create a contemporary, yet sumptuous atmosphere that prioritizes both comfort and performance. The design language unmistakably echoes Lamborghini's aesthetic: hexagonal motifs, precise, sculpted lines, curated colorways and a rich mix of tactile materials that deliver a cohesive, motorsport inspired environment.

On board, she accommodates 12 guests while underway and offers overnight berths for 4 in two elegantly appointed cabins—a refined Master and a stylish twin—each evoking the relaxed glamour of la dolce vita. Exterior styling by Centro Stile carves a forward looking silhouette that pays homage to Marcello Gandini's iconic Miura and Countach from the 1960s and 1970s, while generous outdoor decks provide sweeping sunning and lounging zones,

combining the allure of a luxury dayboat with the raw capability of a high performance sports yacht.
