OVERVIEW

Embodied at the apex of high performance motor yachting, the Tecnomar for Lamborghini 63 delivers an unrivalled sensory experience: its striking profile — the result of a collaboration between Tecnomar and Lamborghini — seizes the gaze, while on the run she asserts herself with a 63 knot top speed. Named Blade and presented as hull number 3 in a strictly limited series of 63 builds from the yard, she is appointed with an options specification exceeding €1 million. Her Bianco Siderale livery, a pearlescent white shot through with blue iridescence, pays homage to the shade of the reborn Lamborghini Countach. Laid out with two cabins to accommodate four guests, Blade is the ideal luxury sports cruiser for weekend escapes with family or friends who prize both design and velocity; meticulously maintained, she promises superyacht level enjoyment and exhilarating performance for her next custodians.

DETAILED DESCRIPTION

Option list and upgraded items added

Dynamic Control provides automatic flap regulation to preserve optimal trim in every sea condition and offers three selectable navigation modes—Docking, Navigation and Racing—together with an autopilot for effortless passages, while the Hyper Manoeuvring System links the main engine controls to the bow thruster via a bespoke joystick for precise low-speed handling; a stern thruster supplied with OPT 2 – stern propeller further enhances manoeuvrability when mooring in testing conditions and the Mooring Pack completes the suite with two Up & Down side mooring cleats on the gunwale and two Up & Down stern mooring winches to ensure secure, stress-free dockings. All onboard lighting is RGB multi coloured, selectable as dynamic cycles or fixed hues, and three underwater lights illuminate the transom for striking night-time presence; the Hi Fi Premium System enriches onboard acoustics with two loudspeakers in the bow, two in the beach area and a dedicated subwoofer, while Passenger Monitor & Control centralizes applications, multimedia and services through a single touchscreen passenger monitor. Navigation capability is elevated by the Premium Navigation Package, which incorporates advanced cartography with radar display, a graphic echo sounder, GPS and a high precision compass, and the Premium Sport Package adds a multifunction display complete with jogger for direct command of key functions; two panels mounted at the base of the Hard Top provide live speed readouts and multimedia control, and a dedicated radar installation sharpens situational awareness. Entertainment in the cockpit is refined and discreet, with a 43 inch Up & Down TV rising seamlessly from the bar cabinet countertop and two electric Up & Down tables in the external dining area offering electrically adjustable height for effortless transition between dining

and lounging, while TV SAT integrates a single satellite antenna mounted on a carbon mast for reliable reception. Comfort at the helm is guaranteed by the Pilot Freeze Pack, which features two Huracan air intakes dedicated to pilot air conditioning, and the Full Protection Glass configuration adds six upper side windows plus two large side windows in the parapet to deliver excellent wind protection; a removable stern awning with two carbon poles shades the aft sundeck and dining area when required. The external cockpit bar is appointed with one sink, one ice machine and one fridge neatly integrated into the cabinet, and aesthetic refinements include Graphics Edition 63—Graphic 63 side hull artwork with teak logos and details—alongside a personalized dashboard plate and a carbon look steering wheel with carbon look spokes to complete the helm. Practical extras comprise custom fenders, fender holders and socks, and a Seabob installation prepared with assembly, connection and a fixing rack for two Seabob units; safety equipment is specified for up to sixteen passengers.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
