## Refit description & upgrades

---

Presenting M/Y NICKEL, a standout example of the highly acclaimed Pershing 64 where thrilling performance, state-of-the-art engineering, and solid construction combine for an unforgettable experience. Privately used and cared for under a spare-no-expense maintenance program from 2021 through 2025, she will meet the expectations of the most demanding buyer and is available immediately for inspection in Athens, Greece. Her refit and upgrades are extensive and meticulously documented: MAN-certified works on the main engines were carried out between 2021 and 2023, including intercooler and aftercooler cleaning, turbochargers overhauled, valve adjustment, fresh- and high-pressure pump overhauls, compression testing and other essential engine services, with a full report available from the official MAN service point. A new generator was installed in 2023 to ensure reliable onboard power. In 2024 a new anti osmosis protection system was applied and both the passarelle and swim ladder were comprehensively overhauled to like-new condition. In 2025 the surface drives received focused attention with two hydraulic rams replaced and a new seal fitted to the port trim, new teak decks were laid throughout, new underwater lights were installed, and the hull sides and superstructure were professionally polished to restore showroom shine. The interior was refreshed with a new main salon sofa and new A/C units, while a modern A/V system was fitted and TVs were replaced throughout the yacht, resulting in a Pershing 64 that looks razor-sharp, runs impeccably, and is truly turn-key for her next owner.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
