OVERVIEW

2026 HCB Estrella 65'

The original Mega Center Console Yacht, the 65' Estrella, asserts its place as the largest center console on the water, a vessel where offshore luxury meets relentless performance. The 2026 HCB 65 Estrella occupies the pinnacle of the Mega Center Console category, offering owners who refuse to compromise on comfort, range, or raw thrust an expansive deck plan, meticulous craftsmanship, and capability that commands respect on any horizon.

Propulsion and stabilization are expressed in heroic terms: six Mercury 600-hp V12 outboards, each integrated with joystick steering and electronic helm control, propel the yacht with astonishing authority while the Seakeeper 9 gyro provides quiet, confident stabilization. On the command bridge a triple 24" Garmin helm display upgrade complements a FLIR M364C thermal/night-vision camera, Garmin AIS transceiver, a Garmin 6' 25kW xHD3 open-array radar and Garmin XM satellite weather, with a 27" aft-facing Garmin display keeping situational awareness complete fore and aft. Connectivity and entertainment arrive via Starlink internet with Roku integration, and onboard sound is delivered through premium JL Audio flush-mount luxe speakers.

Comfort and workmanship are woven through every space: an air-conditioned cabin and cockpit, a stainless wheel upgraded with a high-gloss teak rim and power knob, and Release Marine quad helm chairs with teak ladder backs and armrests that combine seaworthiness with refinement. Seating inserts and bolsters bear custom Bentley- or diamond-pattern stitching, while the high-gloss teak cockpit countertop, protected by custom canvas covers, anchors an immaculate summer galley fitted with a grill, dual adjustable refrigerators/freezers, an ice chest and abundant storage drawers.

Designed for serious sportfishing and extended adventure, the Estrella includes a transom bench with twin 25-gallon livewells and molded armrests,

six electric-reel outlets, Gemlux 22' telescoping carbon-fiber outriggers, and port and starboard fish boxes with refrigerated chill plates, plus upgraded underwater lighting and Kahlenberg dual trumpet air horns. Extensive additional premium upgrades complete this Super Console package, a true bluewater Center Console Yacht that blends Performance Yacht pace with Express-style comfort to serve as the ultimate Offshore Sport Yacht and Tournament Sportfishing flagship for cruising, dayboating, and bold voyages.
