OVERVIEW

Vika presents as a pristine, low hour 2025 Princess F65 flybridge motor yacht, duty paid and American flagged with no tariff. This US spec build from Princess Yachts arrives exceptionally appointed and has been captain kept, reflecting meticulous care and thoughtful outfitting. With very light hours and factory warranties still active on the engines and key systems, she represents a premier luxury offering; recent servicing and a fresh yard period have her fully serviced and ready for immediate cruising. The interior is arranged as a flexible four stateroom, three head layout with an aft crew cabin fitted with two berths, all beautifully finished in satin Walnut joinery, Walnut V groove galley flooring and elegant Carrera White countertops throughout.

DETAILED DESCRIPTION

Yard period April 2026

During the April 2026 yard visit the yacht received a comprehensive exterior programme, including a fresh application of bottom paint and Prop speed, a full waxing and exterior detail, together with meticulous teak cleaning and refinishing to restore the decks to pristine condition. Complementing these works, the main engines were serviced in March 2026 at the 100 hour interval with warranty coverage, and the generator likewise underwent warranty-covered servicing in March 2026.

Owner added options and upgrades

Owner-selected enhancements refine the onboard experience, starting with a Williams Jet Tender 345 that makes shore transfers effortless and turns every watersport outing into an indulgence, complemented by Starlink satellite service to maintain reliable high-speed connectivity well beyond the horizon, a Spot Zero water filtration system that provides pristine, on-demand freshwater throughout the yacht, and a Yacht Controller remote control docking system that delivers fingertip precision for confident, close-quarters maneuvering.

Factory added options (US spec vessel)

Specified to US standards, this yacht arrives with the factory Allure Package, tastefully combining refined paint accents, quilted helm chairs, an elevated teak package and a carefully curated lighting scheme. Handling and comfort are engineered for true refinement with Sleipner stabilizer fins offering zero speed capability, variable speed bow and stern thrusters and an aft deck docking station, while a hydraulic platform provides seamless tender

and water access. Accommodation and service spaces include a crew quarter with two bunks and a starboard VIP outfitted with electric sliding bunks; vessel systems are governed by an ElectroSea Clearline control system backed by a powerful 21.5 kW generator and AGM battery bank, and navigation is centered on a Garmin 8616 series electronics package. Connectivity and entertainment are comprehensive with Wi-Fi and Starlink, Bluetooth throughout, and an upgraded Naim audio package. Outdoor living is enhanced with an electric sun awning on the flybridge along with an ice maker and electric grill, a bow shade canopy protecting a foredeck teak table and cool box, and a removable aft deck plug-in carbon shower pole for versatile rinsing. Evenings are illuminated by six Lumishore underwater lights, interior air quality is safeguarded by a Yachtsafe air purification system serving six rooms, and day-to-day convenience is assured with a separate washer and dryer.

Saloon & interior features

Framed by sweeping panoramic saloon windows and topped by the yacht's distinctive wrap-around forward windscreen, the interior feels airy and intimately connected to the sea. A generous U-shaped sofa, paired with supplementary lounge seating, forms an elegant social hub perfect for conversation and relaxation. Satin-finished walnut cabinetry imparts a warm, refined character, while V-groove walnut flooring runs through the galley and aft dining area and can be extended into the salon to create a cohesive aesthetic. Discreet concealed LED accent lighting subtly showcases the joinery, and an available interior lighting upgrade package further refines ambiance and enhances functionality throughout.

Galley

Positioned aft to link the cockpit with the salon, the galley creates an

uninterrupted environment ideal for effortless entertaining. Carrara White solid surface countertops provide a polished, durable expanse for preparation, while a nine-place slimline dishwasher quietly and efficiently takes care of clean-up. An integrated garbage disposal eases food preparation, and an electrically operated pop-up pantry and storage unit rises at the touch of a button to keep provisions discreetly organized. A dedicated cockpit bar service counter extends hospitality to the deck, ensuring a graceful flow between interior and exterior spaces.

Accommodations

Optimized for seamless cruising and quiet luxury, this yacht features a four-stateroom, three-head configuration anchored by a full-beam owner's suite amidships, where a safe is discreetly incorporated into the wardrobe. A forward VIP guest cabin welcomes privileged visitors, while additional accommodation is provided by port and starboard guest cabins, the latter fitted with an electric sliding berth to adapt sleeping arrangements as required. On the main deck a retractable pull-out table serves the companion seating beside the helm, creating an intimate space for dining or conversation, and the satin walnut interior finish bathes the interior in a warm, contemporary tone. Practical amenities include an onboard washer and dryer for extended passages, and an aft crew cabin appointed with twin bunks, dedicated air conditioning and a private head to ensure professional support is comfortable and self-contained.

Flybridge

Designed for true alfresco living, the flybridge presents a generous, open entertaining realm where ample seating and dedicated sun loungers create an atmosphere of refined relaxation. A generous dining area anchors the layout

while a companion seating bank ensures guests remain part of the action at the helm, all finished on a teak-laid flybridge deck that highlights the yacht's elegant craftsmanship. An aft sunbed invites languid afternoons beneath an electrically operated aft sun awning that extends at the touch of a button, and a thoughtfully equipped wet bar—complete with barbecue, sink and icemaker—makes entertaining seamless. Immersive sound comes from JL Audio waterproof speakers, and assured navigation is provided at the flybridge helm by Garmin displays that present clear, intuitive data at a glance.

Deck

The F65's iconic Princess styling is paired with cleverly designed deck areas, delivering a yacht equally ideal for entertaining or extended cruising, beginning forward with a foredeck lounge equipped with adjustable sunbeds and a teak coffee table secured by a deck mounting point. Side boarding gates simplify embarkation, while cockpit seating, protected by covers, offers comfortable, low-maintenance hospitality between trips. Upgraded exterior upholstery raises both the tactile luxury and hard-wearing performance, and an enhanced exterior lighting package stretches the evening ambiance. Thoughtful details such as teak step nosing upgrades add a premium feel underfoot, and Oyster Grey cockpit servery and console finishes provide a modern, sophisticated contrast to the overall palette.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
