OVERVIEW

Azimut Magellano 66 stands as the inspired choice for voyagers who wish to push farther afield without surrendering comfort or style; her innovative Dual Mode semi-displacement hull delivers composed, seakindly handling, an impressive range and frugal fuel burn across a generous span of cruising speeds. Within, intelligent design optimizes volume to create airy salons and commodious staterooms dressed in light, neutral palettes. A sprawling single-level main deck invites effortless indoor-outdoor living, while the expansive flybridge underscores her credentials as a luxury motor yacht, a long-range cruiser and an explorer crossover cruising yacht.

DETAILED DESCRIPTION

Azimut Magellano 66

At just over 20 metres, the Azimut Magellano 66 presents an immediate impression of scale and calm, unfolding generous, luxuriously appointed spaces conceived for effortless enjoyment and refined living at sea. The cockpit is a study in versatility, transforming from an inviting alfresco dining and convivial gathering area into a relaxed lounge that frames an infinity view across the ocean, while forward on the bow wide sea vistas are revealed from deeply comfortable seating and expansive sunpads that invite unhurried sunbathing or a blissful siesta beneath the removable bow shade. Above, the carbon fibre superstructure liberates and amplifies the flybridge, creating a wide, open deck that feels equally at ease at anchor or underway, with an aft lounge that can be enjoyed in full sun or cooled shade at a moment's notice. Designed and engineered to the highest standards in her class, she complies with the two major safety codes for yachts under 24 metres, and the extensive use of carbon fibre has enabled larger internal volumes and increased exterior surfaces while maintaining light weight and delivering outstanding stability. Below decks she comfortably accommodates eight guests across four spacious cabins: a full beam Master and a VIP, each with an ensuite bathroom, plus two guest cabins with single beds that share a well appointed bathroom.

Equipment

Thoughtfully specified systems and amenities elevate every moment on board, ensuring reliability, comfort and entertainment in equal measure. Electrical infrastructure is comprehensive, with a shore power inlet and a generator to guarantee dependable onboard energy, while the electronics suite is extensive and navigation ready, featuring a depthsounder, radar, log speedometer,

repeaters, a TV set, plotter, DVD player, autopilot, radio, CD player, GPS, powerful cockpit speakers and VHF for clear communications. Interior equipment brings true residential comfort with Seakeeper stabilization complemented by a dishwasher, bow thruster, washing machine, oven, manual bilge pump, microwave oven, air conditioning, electric heads, hot water, a refrigerator, a fresh water maker, a deep freezer and a battery charger. Outside, premium finishing and practical details enhance every moment under the sun with a teak cockpit and teak side decks, cockpit shower, hydraulic gangway, tender, liferaft, plush cockpit cushions, a generous cockpit table and a swimming ladder for effortless sea access. For leisure there is snorkelling and fishing gear, an inflatable dock station with two inflatable sofas and the option to add more water toys upon rental, while additional comforts include safe boxes, a 55 inch lounge TV, Wi Fi, a Rockford Fosgate audio system with interior and exterior speakers, a DVD and CD player in the lounge, an electric BBQ on the flybridge, a water maker, oven, dishwasher, fridge and two ice makers—one on the flybridge and one in the lounge.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
