OVERVIEW

M/Y GIA GIA' is an elegant, performance-oriented luxury motor yacht driven by twin 1,600 hp MTUs that have logged just 644 hours. Her spacious cockpit is appointed with a generous sunpad, an electric swim platform, and a convivial salon designed for lounging and entertaining. Below decks, three beautifully finished cabins include a full-beam owner's suite, a twin guest cabin that also serves as the day head, and a forward VIP. With timeless lines, meticulous upkeep and superb condition, GIA GIA' is a distinguished planing express cruiser/sport yacht and a compelling opportunity on the market.

DETAILED DESCRIPTION

Navigation equipment

Confidence at the helm comes standard with a suite of precision instruments that make passage planning and real-time decision-making effortless: an autopilot Furuno Navipilot 711C works in harmony with a Furuno chartplotter and a dedicated Furuno plotter with GPS antenna to deliver seamless route control, while a Plastimo compass provides timeless magnetic reference. At a glance the Furuno FI70 control panel and an additional Furuno display consolidate engine and navigation data, complemented by a DSC VHF Furuno HS4800 for clear, compliant communications. Electronic engine control is entrusted to the Böning AHD880T, GPS positioning is Furuno-accurate, and speed and distance are recorded by a Furuno log. Essential navigation lights ensure visibility after dusk, as a radar antenna paired with a Furuno radar paints a precise picture of your surroundings, and a Furuno wind station supplies accurate wind angle and speed information to refine every underway decision.

Staging and technical

Prepared for effortless handling and elegant days at anchor, the yacht is equipped to make every maneuver and every arrival feel precise and composed: the anchor is served by an electric windlass, Side-Power bow and Side-Power stern thrusters deliver fine control in tight harbors, and a hydraulic Opacmare gangway ensures graceful boarding. Power management is robust, with four new engine batteries and four service batteries supported by a Mastervolt battery charger and a single generator, while a Fireboy fire extinguishing system stands guard for safety. Life on deck is thoughtfully finished with a cockpit table and a cockpit washbasin, teak cockpit and teak

side decks, plus a stern platform with an up/down system for easy access to the water. Night passages glow with underwater lights—four at the stern and two to each side—while an electric Lewmar winch assists on demand. For shore excursions a Capelli 3.60 m tender with outboard EV 30 hp stows neatly in the tender garage, and below the waterline propellers and the platform in stainless steel are treated with Pro-Speed for enduring performance.

Domestic facilities onboard

Onboard comfort is curated with thoughtful systems that make life at sea effortless and restorative: Crusair air conditioning tempers every cabin for restful interiors, an electric toilet adds modern convenience, and a warm water system provides continuous comfort. A premium reverse osmosis system produces potable water—sparkling or still, with adjustable chilled temperature—to a dedicated galley tap, while an external water intake with a demineralized water system makes deck and hull washing effortless. A stern video camera keeps a watchful eye astern, completing a suite of domestic refinements designed for serene cruising.

Entertainment

Moments onboard are elevated by an entertainment suite that blends power with refinement: a satellite TV antenna feeds a television mounted on a smooth lift mechanism for effortless viewing, while immersive Bose speakers fill the dinette, the bow area, and the cockpit with rich, balanced sound. Every anchorage becomes a private cinema and every sunset an intimate concert, all at the touch of a button.

Kitchen and appliances

The galley is crafted for culinary freedom and effortless service, featuring two ceramic Neff hot plates—one in the galley and one in the cockpit—complemented by a Neff oven and a Neff dishwasher that make preparation and cleanup a pleasure. Cold storage is generous with a Vitifrigo refrigerator, a Vitifrigo deck refrigerator and a Vitifrigo freezer, while a Vitifrigo ice maker and a Vitifrigo winecooler ensure chilled ice and perfectly tempered vintages. A Bosch washer dryer completes the specification so life aboard remains as polished as the cuisine you create.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
