OVERVIEW

Welcome aboard AMY, a 2023 Cranchi 67: a luxury flybridge motor yacht that marries intelligently conceived volume, effortless comfort, contemporary lines, and state of the art systems on a sub 21 meter platform that reads and performs like a much larger planing cruiser.

Inside, AMY's refined, modern décor amplifies the sense of space and light, with three generous ensuite staterooms offering exceptional privacy and comfort. The bright, airy main salon provides an elegant setting for relaxed entertaining, while a fully equipped galley supports extended cruising in complete independence. A well proportioned crew cabin for two ensures discreet, professional service without compromising guest accommodation. Outside, the arrangement of outdoor living is expansive and intuitive, divided into four signature zones: an aft cockpit conceived for alfresco dining; a beach club area set on the hydraulic swim platform; a shaded foredeck lounge for quiet retreats; and a broad flybridge appointed with a dining table, wet bar, upper helm and abundant sunning space—quintessential flybridge living for leisurely days and lively gatherings alike.

AMY couples yacht grade comfort with advanced technology, incorporating a Raymarine integrated domotics suite, Humphree fin stabilizers with trim tabs, and Volvo Penta IPS propulsion, plus a dynamic positioning "digital anchor" for precise holding. A robust 28kW generator, onboard watermaker and a premium high fidelity sound system complete the specification, delivering the refinement and capability expected of a high performance motor yacht and sport cruiser.

DETAILED DESCRIPTION

Key features

Fresh from the shipyard and barely run in, this yacht displays only 186 hours on her engines and is specified with the full Volvo IPS package including the DPS digital anchor, delivering assured performance and precise manoeuvrability; comfort and poise underway are guaranteed by Humphree stabilising fins and trim tabs that smooth sea-keeping, while a hydraulic swim platform combined with a dedicated garage makes stowing and launching the Williams 325 effortless and immediate, and an upgraded sound system with powerful interior and exterior subwoofers elevates entertainment on every deck to a genuinely cinematic standard.

Equipment

Thoughtfully optioned and comprehensively specified, this yacht features a bow bimini top with carbon poles and a stern hood with side panels, showers on both the flybridge and the swimming platform, and a bow thruster compartment protected by an automatic fire extinguisher, while an Idromar water maker delivers 130 l/h with cabin control and fresh-water flushing for extended autonomy; power generation and distribution are upgraded with a 28 kW generator, Glendinning cable master shore power rated at 2 x 63 Ah, 220 V/50 Hz output and two twenty metre shore power cable electric winders with remote control, supported by a 4000 kv Mastervolt inverter, five Mastervolt battery chargers and a robust battery bank comprising four Mastervolt 130 Ah starting batteries for the main engines, one Mastervolt 105 Ah starting battery for the generator and four Mastervolt 225 Ah service batteries. Navigation, control and comfort are enhanced by a Raymarine domotica system, Raymarine Ray 90 VHF, class B AIS, Raymarine P70 autopilot,

Raymarine GPS, gyro and magnetic compasses, Raymarine Cyclone radar, Raymarine depth sounder and three Raymarine Axiom XL 22 chart plotters, plus an EPIRB and KVH SATCOM; an additional third pilot station in the cockpit and a second 22" plotter on the flybridge provide invaluable situational awareness, and there is predisposition for one Seakeeper 9 gyroscopic stabilizer. Onboard comforts include Condaria 230 V air conditioning rated at 96,000 Btu/h, one 100 L boiler, Racor fuel filters, an ice-maker with a separate water tank, eight underwater lights and a 60 cm TV SAT antenna with balancing dome supplied without decoder, while the galley is equipped with a Foster induction hob and extractor, MIELE microwave, dishwasher, refrigerator and freezer, a Vitrofrigo refrigerator on the flybridge and a Vitrofrigo ice maker on the fly, and MIELE washing-drying facilities. Deck equipment comprises a Lofran X4 2300 W anchor windlass, two Lofrans electric aft warping capstans, an Ultramarine 60 kg anchor on 100 m of 12 mm chain, Besenzoni passerelle and a Besenzoni swimming platform, and the fit includes Humphree trim tabs and the Humphree fin stabilization system; an upgraded sound system is paired with interior and exterior subwoofers, a Fusion audio suite and a SONOS home theatre, while saloon and cabins are served by a Samsung 55" LED TV in the saloon, a Samsung 55" LED TV in the master cabin, a Samsung 43" LED TV with Bluetooth/USB radio in the VIP and a Samsung 32" LED TV with Bluetooth/USB radio in the guest cabin.

Tender

Delivered with a 2023 Williams 325 Turbojet producing 90 hp, the tender is perfectly matched to the dedicated garage and hydraulic platform to ensure seamless launch and recovery, allowing owners to deploy the tender instantly and stow it safely without compromise to deck ergonomics or aesthetics.

Safety & fire protection

For all-round reassurance at sea and in port, the yacht is equipped with a Bascom Wired 8 Dome PLUS CCTV suite served by three cameras—including one in the engine room, one at the bow and one at the stern—to provide continuous visual monitoring, while the bow thruster compartment is safeguarded by an automatic fire extinguisher to minimise risk in critical machinery spaces.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
