OVERVIEW

Delivered in 2011, Jasmine 3 is one of the final Apremare Maestro 65s, an Italian flybridge motor yacht of rare pedigree and unmistakable presence. The sought-after galley-down layout opens a broad, flowing main deck with near 360° sightlines, while three electric hi-lo salon windows, twin dinette side doors and a helm with a 180° panorama create a seamless indoor-outdoor experience. A versatile open aft cockpit is arranged with comfortable settees, a dining table and chairs, and a swim platform that, when deployed, affords direct access to the water. Beneath the cockpit sole a capacious garage swallows a jet ski or other oversized water toys. Generous side decks lead forward to a generous foredeck appointed with a circular sunbed and two observation benches for relaxing or entertaining. Jasmine 3 will suit buyers seeking a stylish yet eminently practical luxury motor yacht—a refined Italian cruiser that marries performance and owner-operator appeal. Twin MAN V12 engines, each producing 1,360 hp, drive her with brisk authority and a top speed in excess of 30 knots. Available for viewing on short notice.

DETAILED DESCRIPTION

Description

Built by Apreamare, the Maestro 65 from 2011 combines refined Italian craftsmanship with purposeful, long-range capability, presenting a balanced and confident profile with CE classification and a GRP hull. Her proportions—LOA 21,00 m, beam 5,70 m and draft 1,65 m—are matched by practical tankage for extended cruising: 5,000 lts of fuel, 1,000 lts of fresh water, 180 lts of black water and 200 lts of grey water. Accommodation is arranged for privacy and comfort with three well-appointed cabins—Master, VIP and Twin—each with its own ensuite, while the crew are accommodated in two crew cabins for two crew, served by one ensuite to ensure discreet and efficient service. Performance is delivered by twin MAN V12-1360 engines producing 2 x 1360 hp with 1810 hours, coupled to ZF gearboxes and supported by 2 x Kohler 17 kW generators, yielding a cruising speed of 28 knots, a top speed of 32 knots and a practical range at 28 knots of 300 nm. The technical fit is comprehensive and designed for ease of use at sea: Marinair air conditioning, a Vetus bow thruster and an Idromar watermaker rated at 250 lph, while anchoring and deck handling are confidence-inspiring thanks to a Lofrans windlass, an Ultra 45 kg anchor with 140 m of 12 mm chain, two Lofrans capstans, an Opacmare gangway and an Opacmare deck crane rated to 400 kg. Electrical and systems support include a twin flaps system, a Mastervolt 2500 w inverter, a Mastervolt charger, a 24/230 v electrical configuration, searchlight and a Nautic boiler of 40 lts, and navigation and electronics are comprehensive with 2 x Raymarine E hybrid / C70 plotters, Raymarine radar, a Raymarine ST7002 autopilot, Raymarine sounder, Raymarine VHF, compass and engine room CCTV. Onboard comfort and entertainment are fully addressed with KVH SAT TV, a Bose sound system and

a Samsung HD100 TV in the salon, while domestic appliances include a Cooltech fridge and freezer, a Vitrifrigo icemaker, oven and stove, a Bosch dishwasher, a Candy washing machine rated to 5 kg, a grill/BBQ and a Vitrifrigo fridge on the fly bridge. For waterside fun and safety the yacht carries an AB 390 tender powered by a Yamaha 40 hp engine, together with life jackets and two Eurovinyl sixteen-person units, making her a complete, ready-to-cruise Maestro 65 for owners seeking style, speed and genuine seagoing capability.

Описание

Построенная Apreamare в 2011 году, Maestro 65 сочетает в себе утонченное итальянское мастерство и продуманную дальнюю мореходность, демонстрируя уравновешенный и уверенный силуэт при наличии сертификации CE и корпуса из стеклопластика (GRP). Её пропорции — LOA 21,00 m, ширина 5,70 m и осадка 1,65 m — подкреплены практичными запасами для длительных переходов: 5,000 литров топлива, 1,000 литров пресной воды, 180 литров сточных вод и 200 литров серых вод. Планировка кают задумана для уединения и комфорта: три продуманно оформленные каюты — главная, VIP и двухместная — каждая со своей собственной ванной комнатой, а экипаж размещается в двух каютах экипажа для двух человек с одним санузлом, что обеспечивает незаметное и эффективное обслуживание. Ходовые характеристики обеспечивают два двигателя MAN V12-1360 мощностью 2 x 1360 hp с 1810 моточасами, агрегатированные с коробками передач ZF и поддерживаемые двумя генераторами Kohler по 17 kW, что даёт крейсерскую скорость 28 узлов, максимальную 32 узла и практический запас хода при 28 узлах около 300 nm. Техническое оснащение полно и ориентировано на простоту эксплуатации в море: система кондиционирования Marinair, подруливающий агрегат Vetus и опреснитель Idromar производительностью 250 л/ч, а

якорно-швартовное и палубное оборудование внушают уверенность благодаря якорной лебедке Lofrans, якорю Ultra 45 кг с 140 м цепи 12 мм, двум капстанам Lofrans, трапу Oрасmare и палубному крану Oрасmare грузоподъемностью 400 кг. Электроснабжение и системы включают систему двойных флапов, инвертор Mastervolt 2500 Вт, зарядное устройство Mastervolt, бортовую сеть 24/230 V, прожектор и бойлер Nautic 40 л, а навигация и электроника полностью укомплектованы двумя картплоттерами Raymarine E hybrid / C70, радаром Raymarine, автопилотом Raymarine ST7002, эхолотом Raymarine, радиостанцией VHF Raymarine, компасом и системой видеонаблюдения в машинном отделении. Комфорт и развлечения на борту обеспечены спутниковым телевидением KVH, аудиосистемой Bose и телевизором Samsung HD100 в салоне, а бытовые приборы включают холодильник и морозильник Cooltech, ледогенератор Vitrifrigo, духовой шкаф и варочную панель, посудомоечную машину Bosch, стиральную машину Candy на 5 кг, гриль/барбекю и холодильник Vitrifrigo на флайбридже. Для прибрежных приключений на борту находится тендер АВ 390 с мотором Yamaha 40 л.с., а безопасность усилена спасательными жилетами и двумя надувными спасательными плотами Eurovinyl на шестнадцать человек каждый, что делает эту Maestro 65 полностью готовой к круизам для владельцев, ценящих стиль, скорость и реальную мореходную надёжность.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
