OVERVIEW

Presenting a superbly maintained 2023 Azimut 68 Flybridge that combines exceptionally low hours with rigorous professional oversight and a comprehensive annual service completed in May 2026. Showing only 430 engine hours, the vessel has been lightly used and thoroughly inspected throughout, with every system reviewed from bow to stern. In May 2026 she received an exhaustive service regimen that included fresh bottom paint and PropSpeed treatment, full servicing of the main engines, generator maintenance, and Seakeeper attention—leaving nothing outstanding for her next owner and assuring reliable, turn-ready performance. Kept within a yacht management program with a full-time captain aboard since delivery, the boat reflects disciplined, detail-oriented stewardship evident in every space, from an immaculate engine room to an expansive, beautifully appointed flybridge. Exceptionally presented inside and out and lying in Miami for immediate viewings, she is prepared for effortless coastal cruising. A meticulously maintained Azimut Fly 68 of this standard is an uncommon offering; arrange your private inspection to experience her quality firsthand.
