OVERVIEW

GEM, a 2014 Sunseeker at 68 feet LOA, embodies the sport yacht ethos with a refined blend of confident performance, luxurious comfort, and effortless elegance. Maintained by a full-time yacht manager, she has been serviced on schedule with no deferred items, ensuring turn-key condition.

In November 2025 she underwent a comprehensive round of upgrades: fresh bottom paint, new upholstery, new teak, and a new bimini top, enhancing both her aesthetics and onboard experience.

Her equipment list is equally compelling, highlighted by a premium $15,000 sound system featuring 14 speakers, two amplifiers, a dedicated battery bank, and a Fusion controller. The salon now showcases a new 55-inch television, Starlink provides reliable onboard connectivity, and new underwater lights enrich evenings at anchor and underway.

With these recent cosmetic enhancements, a consistent maintenance pedigree, and desirable onboard amenities, this Sunseeker offers a compelling opportunity for buyers seeking a meticulously kept luxury motor yacht. Motivated seller—all offers welcome.

DETAILED DESCRIPTION

Detailed Information

GEM was crafted by Sunseeker in 2014, boasting an overall length of 68 ft. The hull is hand-laid GRP with gel coat including stripes, a vinylester skin coat with powderbound mat, and a stitched multi-axial reinforced single-skin bottom; the topsides are balsa-cored and the deck and superstructure are PVC foam-cored. Hull stiffening is provided by longitudinal stringers supported by transverse bulkheads and floors.

Deck hardware and fittings are stainless steel and include eight deck cleats, pulpit and cockpit rails, stainless steel fendering with rubber insert, a curved safety glass windscreen, stainless steel bow roller with anchor stop and bow plate. Anchoring gear comprises a Delta anchor with 60 m galvanised chain, and an electric winch and capstan with deck and interior helm controls. Additional deck features are a chain locker with fender storage, a fender tie bar under the anchor locker lid, foredeck coach-roof storage lockers, port and starboard fuel fillers, a fresh water filler, IMCO navigation lights, two pantograph windscreen wipers and washers, a garage for a tender, and an ensign staff and socket.

The aft cockpit is self-draining and teak-laid, fitted with a stern safety door, cockpit speakers with CD remote, upholstered seating around a cockpit table, a large stern sunbather and lockers beneath seating. It has 24 V overhead cockpit lights and 24 V low-level courtesy lights, an engine room access hatch, sport bridge access stairs and a boat hook.

The deck saloon provides a separate dining area with table and storage beneath the seats, a 55” television on a fall-and-rise system and a Blu-ray/DVD/CD cinema sound system with AirPort Express and a drinks cupboard. Lighting is 24 V LED overhead, and connectivity includes three

double AC sockets. A stainless steel sliding door leads to the cockpit. The saloon houses the main control panel for AC/DC, generator controls, air conditioning, wood flooring, choice of interior finishes and veneers, and scatter cushions.

Accommodation comprises an aft master stateroom with a double berth, cupboard and drawer storage, two 24 V reading lights, bedside drawers, a walk-in wardrobe, 24 V LED overhead lights, two large windows with opening portholes, mosquito screens and blinds, two double AC sockets, door to a shower room, fitted carpet, a settee, air conditioning, a 32” television and Blu-ray/DVD/CD player with speakers. The forward stateroom has a double berth with storage beneath, a drawer in the base end, two 24 V reading lights, outboard shelving and cupboards, overhead bedside cupboards, hanging wardrobes with mirrored panel, 24 V LED overhead lights, two opening portholes with mosquito screens, portlight blinds, a deck hatch with blind and mosquito screen, a skylight, two double AC sockets, door to a shower room, fitted carpet, air conditioning, a 32” television and Blu-ray/DVD/CD player with speakers.

The forward en suite shower room is fitted with a washbasin, taps and accessories, hot and cold water supply, a separate shower compartment, an electric toilet, extractor fan, mirrored vanity unit, shelved cupboard, toothbrush and glass holder, soap dispenser, towel ring and towels, overhead lights, an opening porthole with mosquito screen and blind, and a 240/110 V razor socket.

A starboard guest cabin offers two single berths with under-berth storage, two 24 V reading lights, a hanging wardrobe, 24 V LED overhead lighting, an opening porthole with mosquito screen and blinds, a double AC socket, fitted carpet, air conditioning, a 22” television and Blu-ray/DVD/CD player with speakers.

The galley includes a sink and drainer, a three-ring ceramic touch-control hob

with extractor fan, electric refrigerator and freezer, a microwave convection oven, hot and cold water, a rubbish bin, cupboard and drawer storage, an eight place crockery set, an eight place cutlery set, two double AC sockets, a hand-held fire extinguisher, a first aid kit and wood flooring.

The interior helm console is equipped with twin helm seats, a navigation console with chart area, hydraulic power steering, a leather-rimmed steering wheel, analogue engine instrumentation, a chart plotter with GPS, open-scanner radar, autopilot, speed and depth instrumentation, VHF radio with DSC, a rudder indicator, water tank and fuel tank gauges, trim tab controls, single-lever electronic engine controls, a magnetic compass, a 12 V waterproof plug and socket, horn, windscreen wipers and washers, glass holders and a hand-held fire extinguisher.

The electrical system includes a 19 kW 50 Hz generator with underwater silent exhaust and sound shield, AC dockside connection, galvanic isolator, 24 V and 12 V DC systems with full circuit breaker protection, eight engine batteries (24 V circuit), four domestic batteries (24 V circuit), two generator batteries (12 V circuit), an alternator split charging system, remote battery switches controlled from a cockpit locker, battery chargers for 24 V and 12 V circuits, a water heater, AC electrical sockets throughout the boat, and a 24 V hand light and cable.

The engine compartment is soundproofed and fitted with fuel filters/water separators to engines and generators, automatic bilge and flood pumps with high-level alarms, generator exhaust silencers and water separators, engine exhaust dry risers with water injection, strainers to all raw water inlets, hydraulic power steering control, garage door and trim tabs hydraulic control unit, lifting platform hydraulic control unit, air intakes with automatically operated emergency shutdown flaps, AC air extraction fans with butterfly shutdown dampers, an exhaust gas temperature sensor, AC fluorescent lights, an FM200 engine room fire extinguishing system, one AC 220 V socket, one 24

V socket, a portable CO2 fire extinguisher and an inspection lamp.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
