OVERVIEW

This Real Ships vessel, aptly named Patricia D, embodies the essence of a true expedition yacht, designed for extensive global voyages. With a robust steel hull and aluminum superstructure, she boasts a bulbous bow, expansive rudders, dual diesel engines, and hydraulic stabilizers, all supported by a 4700-gallon fuel capacity, ensuring any destination is within reach. Currently available for yacht sale, this opportunity arises due to a change in the seller's plans, offering her at a fraction of her replacement value. Recently, she underwent a comprehensive yard period, receiving a fresh bottom treatment, hull repaint, new engine batteries, a washer and dryer, freezer, and new Plasteak on the main deck, along with several other aesthetic enhancements. If you're looking to buy a yacht, Patricia D is a remarkable choice in the current boat location, promising luxury and adventure.
