OVERVIEW

This flybridge motor yacht showcases crisp contemporary lines and a chic, modern spirit, expertly crafted in Britain. The Squadron 68 blends high-end style with intelligent layout, offering four guest staterooms, three with en-suite baths. A full-beam master and VIP each feature European-size king berths, while two guest cabins sleep two apiece. A dedicated crew cabin for two includes a full-size shower and separate bathroom. The expansive flybridge is arranged in three distinct zones tailored to your day—elevated dining, triple sun pads, and forward lounge seating. A gourmet galley delivers a full-height fridge/freezer, single combi oven, solid-surface countertops, and abundant storage. A refined luxury yacht and performance cruiser ideal for bluewater cruising and private charter.

DETAILED DESCRIPTION

2021 Fairline Squadron 68

The 2021 Fairline Squadron 68 is a flybridge motor yacht that blends luxury and performance in equal measure. Designed for both day cruising and long passages, it is powered by CAT C18-115 engines renowned for torque and power density, paired with ZF controls at both the flybridge and the main helm. Garmin navigation displays, together with proportional bow and stern thrusters, make close-quarters handling effortless. A true luxury yacht, this cruising yacht also delivers the confident pace of a performance cruiser, with the range and comfort for bluewater cruising and private charter.

The expansive flybridge is a social hub with a retractable sunroof, varied lounge seating, and a large bench-style dining area. A fully equipped wet bar with sink, grill, Isotherm refrigerator, and ice maker supports easy hosting, while the Bang and Olufsen sound system sets the tone for relaxed gatherings underway or at anchor.

Aft, Raw Wave's deck becomes a second dining and entertaining zone. The covered dining area flows into the interior via sliding glass doors that open to starboard and retract or lower to port, creating a smooth connection to the standing drink bar, aft galley, and main salon. A hydraulic swim platform with beach package and shower turns the waterline into a private terrace, perfect for swimming and launching water toys.

Inside, the main salon is open, contemporary, and practical. Hardwood floors, high-gloss walnut cabinetry, and panoramic windows frame a bright living space. The aft galley links seamlessly to the cockpit when the doors are retracted and features white quartz countertops, premium Miele appliances, a full-size refrigerator, microwave/convection oven, cooktop, and dishwasher. Forward sits a custom dining table with polished chrome legs and seating for

six, complemented by a white leather sofa, a separate loveseat, a glass display/storage cabinet, and a Samsung television. To starboard, the lower helm provides triple Garmin screens, ZF throttles, and proportional bow and stern thrusters for confident navigation in all conditions.

Descend the contemporary open staircase to the lower deck and you'll find four staterooms and three en-suite baths, each thoughtfully finished for restful nights at sea. The central hallway also houses a combination washer/dryer for added convenience, while dedicated crew quarters with two twin berths and a head ensure discreet service on extended trips.

The full-beam master suite aft feels calm and well-organized, highlighted by a custom headboard blending high-gloss wood, mirror, and white lacquer. White carpeting softens the space, with ceiling details in wood and chrome adding a refined touch. The suite includes a king bed, built-in dresser with generous storage, large hull windows, polished chrome lamps, nightstands, reading lights, a separate desk/dressing area with stone counters, a seating nook, two closets, a safe, and a private en-suite bath.

Forward, the VIP cabin offers a raised queen bed with high-gloss wood detailing and polished chrome accents, upper storage cabinets, skylights, two hanging closets, a full-size dressing mirror, a television, and large windows. Its en-suite bath features marble floors and counters, a glass walk-in shower, a rectangular window, a mirrored cabinet with storage, an above-counter sink, and additional space beneath the vanity.

To starboard, the guest cabin includes a full-size bed, a television, a large window, a dressing mirror, and a hanging closet, with direct access to an en-suite bath. To port, the twin cabin provides over/under twin berths, a window, and a spacious closet—ideal for family or occasional guests.

Beyond the essentials, this Squadron 68 is comprehensively equipped: autopilot, GPS, radar, and depth finder; Cummins Onan generator; Phoenix inverter; water maker (AquaPrime); underwater and exterior lighting; drink

holders on exterior tables; ample exterior storage and beverage space. On deck and on the flybridge, the standing bar and wet bar keep service simple, while retractable sliding glass doors connect indoor and outdoor spaces into one easy-flowing living area. For families, friends, or charter guests, this motor yacht offers the balance of style, capability, and comfort that encourages you to cast off and go farther.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
