OVERVIEW

The Manhattan 63 is the embodiment of a flybridge motor yacht that marries progressive styling, sumptuous comfort, and spirited performance within a sleek, effortless profile. Its carefully honed hull is built to accept optional IPS pod drives, ensuring assured speed, exacting maneuverability, and notable fuel efficiency. A galley on the upper deck serves four staterooms, anchored by a full-beam midships master, while broad hull-side windows frame panoramic seascapes. The saloon and entertainment zones have been expanded and enveloped in sweeping glazing, bathing the interior in natural light and amplifying the feeling of space. New easy-glide curtains in designer-selected Sunbrella fabric add a tasteful nautical touch. Conceived for bluewater and performance cruising as well as family flybridge adventures, this elegant luxury cruiser reads as a refined sport yacht with the poise and capability to uplift every voyage.

DETAILED DESCRIPTION

Additional equipment

Joystick control delivers precise low-speed maneuvering and effortless docking, placing fingertip command over propulsion and steering for confident handling in tight quarters, so even the most challenging marinas and narrow slips become easy to navigate with composed, surefooted control.
