OVERVIEW

A compact superyacht conceived for unfettered freedom, sumptuous comfort and exhilarating performance, the Moon 70 Power is an all-new luxury motor yacht engineered to make cruising effortless while offering exceptional internal volume for owner, guests and crew. Hull No. 3 is offered as an open-specification build, with delivery expected ahead of the Summer 2027 season.

The Moon 70 Power concentrates bluewater capability and refined design into a striking ocean cruiser whose sinuous exterior lines and flawless craftsmanship create an unmistakable presence at any quay. Inside, a subdued, sophisticated palette and exquisite finishes recall larger superyacht standards, with practical luxuries such as a dedicated crew dinette, a generous garage sized for a jet ski, and a flybridge spa—features that elevate this compact flybridge yacht to true mini-superyacht status.

Deck living is conceived as a seamless flow: the main deck opens into a shaded aft cockpit ideal for alfresco dining, flanked by oversized sunpads and flexible arrangements that can include a bar or a convenient day head. This space melts into a highly adaptable saloon finished to your specification and continues forward to a foredeck sanctuary reserved for sun-soaked lounging, sunrise exercise or intimate evenings under the stars.

The flybridge is the social nucleus of the Moon 70 Power, where panoramic views and refreshing breezes define the mood for entertaining or quiet passage. Specified to suit individual taste, it can accommodate a wet bar, an open-air cinema experience, freestanding designer seating or a secluded jacuzzi, ensuring that every cruise becomes an occasion to remember.

Interiors are designed around the owner's vision, offering expansive, carefully resolved volumes that showcase the finest textiles, elevated surfaces and an unwavering attention to detail. Powertrain choices range from twin 320 HP

units up to potent 2 × 1,200 HP packages, enabling owners to balance efficient long-range cruising with thrilling top-end performance. Multiple layout configurations allow comfortable accommodation for 8 to 12 guests and up to 4 crew, underlining the Moon 70 Power's place as a refined, contemporary luxury motor yacht.
