OVERVIEW

The LPC 300 premium power catamaran is brimming with revolutionary features, notably its expansive full-width lower deck, setting a new benchmark in this yacht category.

This vessel boasts an impressive 300 square meters of total usable area, offering over 3,200 square feet of space, a remarkable feat for a catamaran of its dimensions.

Its innovative patented design maximizes space with a full-beam guest quarters deck, featuring five staterooms, a spacious full-beam owner's suite with a foldout balcony, and exclusive access to the beach club. Additionally, there are four more guest staterooms, each with private ensuite facilities. The lower deck at the bow accommodates cabins for four crew members and ample storage.

The guest quarters deck fully utilizes the yacht's width to provide a master suite and guest staterooms unmatched in yachts of this size. The main level includes a generous salon and an open atrium above the galley, which is half a level down. Completing this extraordinary yacht, the flybridge offers exceptional amenities rarely found in this size class: a hot tub, Texas-style BBQ, a high cocktail bar, and a spacious al fresco dining area.

Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that redefines luxury and elegance.
