DETAILED DESCRIPTION

Section name

This 2020 Pershing 70 is a stunning, high-performance luxury motor yacht that seamlessly blends sporty design with advanced engineering. Known as "Liquid," this vessel is meticulously maintained by its owner, who has implemented several significant upgrades, such as an improved sound system, Starlink internet, a chic black wrap on the upper section for a striking two-tone appearance, and enhanced Garmin electronics. All maintenance is current, ensuring she is ready for your next journey.

Spanning 70 feet (21.4 meters) in length, with a beam of 16.4 feet (5 meters) and a draft of 4.5 feet (1.37 meters), this yacht has a displacement of 41 tons. Its fiberglass hull features a distinctive streamlined design that boosts both performance and visual appeal. The yacht is equipped with twin MTU 10V 2000 M96L engines, each producing around 1,622 horsepower. This configuration allows the yacht to achieve a top speed of up to 46 knots, depending on setup and conditions, while maintaining a comfortable cruising speed of approximately 38 knots. With a fuel capacity of about 3,600 liters (925 gallons), it offers an impressive range for long-distance travel.

Designed by Fulvio De Simoni in partnership with the Ferretti Group, the yacht's exterior is sleek and assertive, characterized by a low-profile and sporty appearance, highlighted by large side windows. Inside, the yacht is both luxurious and contemporary, featuring high-quality finishes and materials. The layout includes three cabins: an owner's suite, a VIP cabin, and a guest cabin. The spacious salon is fitted with panoramic windows, and the well-equipped galley ensures all culinary needs are met.

Noteworthy features of this yacht include a retractable sunroof for open-air cruising, a garage that can house a tender or jet ski, and cutting-edge

navigation and entertainment systems. The deck areas are designed for relaxation and socializing, with a large aft sunpad, foredeck seating, and an alfresco dining area.

This yacht is perfect for owners seeking a combination of luxury, speed, and style. If you are considering this model for yourself or a client, we can provide a more detailed technical analysis or offer management and consulting services tailored to its operation.
