OVERVIEW

The 2026 Vanquish VQ70 presents a rare opportunity to own a virtually new, extensively optioned open motor yacht that fuses bold styling with exhilarating performance and true versatility. Impeccably cared for and showing very low hours on powerful 2,000 hp MAN powerplants driving jet-drive propulsion, she projects Vanquish's unmistakable attitude—delivering poise, speed and confidence whether used for spirited dayboating or elegant island-hopping weekends in the Bahamas. Her assertive silhouette, expansive social areas and commanding presence mark her as one of the most desirable performance yachts afloat, an express cruiser that must be experienced to be fully appreciated.

Visually striking in an AwlCraft 2000 metallic Aston Martin Concourse Blue superyacht paint finish and safeguarded roof-to-waterline with Xcel Marine PPF, this VQ70 turns heads from every angle. Comfort and seakeeping are enhanced by a Seakeeper 18 gyro stabilizer and an efficient watermist cooling system, while on-deck entertainment has been elevated with a high-end custom audio upgrade and a 55-inch SunBrite outdoor television. Long-range convenience and seamless connectivity are provided by a dual Starlink configuration complemented by Wi-Fi boosters, and night navigation is supported by FLIR thermal vision. Practical systems for extended cruising include an HP watermaker, and the twin tender garages stow a color-matched VQ11 Vanquish jetski together with a pair of F9S Seabobs from the Porsche collaboration.

Down below, refined accommodations are paired with crew quarters equipped with three berths, offering both owner-operator flexibility and the option for professional crew service. Purpose-built for owners who demand a head-turning sport yacht finished to superyacht standards, this jet-drive VQ70 harmonizes thrilling speed with composed seakeeping, generous lounging and

dining spaces, and the meticulous craftsmanship synonymous with Vanquish. Intensely optioned, immaculately maintained and ready for immediate enjoyment, she presents a compelling alternative to a new build—delivering drama, advanced technology and the liberating performance of a next-generation Vanquish. Trades welcome | In-house financing available.

DETAILED DESCRIPTION

Description

This better-than-new 2026 Vanquish VQ70 offers a rare chance to command one of the most striking performance yachts afloat, presented in immaculate condition with very low hours on MAN 2000 HP engines and the thrilling responsiveness of a jet drive; extensively optioned and comprehensively equipped, she blends Vanquish's signature lines with exhilarating performance and exceptional versatility, equally suited to effortless days cruising the coast or spirited escapes for long weekends in the Bahamas. Her aggressive silhouette and generous entertaining decks are given added distinction by a bespoke finish in Awl Craft 2000 metallic Aston Martin Concourse Blue superyacht paint, protected by Xcel Marine PPF applied from the roof down—a \$80,000 upgrade that preserves her showroom sheen.

Onboard systems deliver refined comfort and capability, highlighted by a Seakeeper 18 Gyro stabilizer and FLIR night vision for assured handling and safety, while a dual Starlink system with WiFi boosters maintains seamless connectivity offshore. Guest comfort is enhanced by a watermist cooling system and a premium custom audio upgrade that transforms every anchorage into a private concert, complemented by a 55' SunBrite outdoor TV for alfresco entertainment; practical luxury continues with an HP Watermaker to extend autonomy, two tender garages for watersports and storage, a color-matched VQ11 Vanquish jetski for high-adrenaline runs and two F9S seabobs Porsche collab for underwater exploration. Thoughtful accommodations include crew capacity with three berths to ensure discreet service and smooth operation, and the owner will appreciate that trades are welcome and in-house financing is available.

Instruments and electric systems

Take the helm with confidence at a station appointed with three flush-mounted 16-inch Garmin cockpit displays that combine navigation and engine control, complemented by a Garmin docking camera for precise close-quarters handling. Steering is made effortless by power steering together with a Side-Power bow thruster, while onboard ambiance and entertainment are delivered through a Fusion stereo system with iPad/iPhone connectivity and a dedicated subwoofer. A robust 24V electrical system, backed by a Kohler 24 kW generator, provides reliable power whether underway or at anchor, extended autonomy is supplied by an HP watermaker, and year-round comfort is assured by a Cruiser air-conditioning system.

Hull & deck

The hull is built entirely from stiff marine 5083 aluminum and finished in an Awlcraft 2000 superyacht paint system, presenting a sleek, resilient foundation. The Flexiteek deck and full walkaround both incorporate an integrated self-draining system to keep decks clear and dry, while eleven pop-up cleats—including two mounted on the swim platform—make mooring and line handling effortless, supported by a full complement of fenders, shorelines and lifejackets. Stainless-steel-housed LED floor lights discreetly illuminate the passages after dark, paired with precision Lopolight navigation lights for reliable visibility. Socializing centers around tables equipped with carbon cupholders, and the outdoor kitchen raises alfresco entertaining with twin refrigerators, an icemaker and a sink, crowned by a discreet pop-up television rising from the worktop. For added convenience and comfort, a fresh warm-water deck shower serves both the stern and the bow seating area.

Outdoor kitchen

Designed for effortless alfresco entertaining, this outdoor kitchen is appointed with a Vitrifrigo DW 100 refrigerator to keep provisions at the perfect temperature and a Hoshizaki IM-45CNE G60 icemaker delivering a steady supply of crystal-clear ice. An integrated grill plate provides an inviting focal point for open-air cooking, while a convenient sink ensures quick and elegant cleanup. Waste is managed discreetly with two trash cans—one cleverly stowed beneath the table—and an adjacent ice box for bottles, keeping beverages chilled and the deck impeccably tidy.

Front master cabin

Positioned at the bow, the forward master cabin is anchored by a king-size bed bathed in soft, indirect lighting that cultivates a peaceful ambiance. A dedicated storage locker for clothes keeps garments neatly arranged, while convenient 110V sockets and charging points ensure all devices remain powered and accessible. Individual air conditioning provides personalized climate control for uninterrupted comfort, and a makeup table with chair, accompanied by a discreet pull-out vanity, attends to daily grooming needs. When it's time to unwind, a TV in the master offers effortless in-cabin entertainment.

Master cabin toilet & bathroom

The master cabin's en suite has been meticulously appointed with an electric-flush toilet and a separate shower cabin fitted with an overhead rain shower, while a seamless Corian washbasin delivers hot and cold water for effortless daily routines. A stylish design mirror visually enlarges the space, and a dedicated ventilation fan combined with soft indirect lighting ensures a

serene, hotel-quality atmosphere.

Media / VIP cabin

Conceived as an intimate retreat, the Media / VIP cabin offers sumptuous lounge seating that easily converts into a king-size bed, illuminated by soft indirect lighting and kept at ideal temperatures by efficient air conditioning for complete onboard comfort. Practicality is considered in every detail with a dedicated storage locker for clothes and 110V sockets featuring integrated charging points to keep devices charged and ready. Leisure is centred on a large 75' Samsung Frame TV, turning evenings aboard into a refined cinematic experience.

Media / VIP cabin bathroom

Cleverly crafted to marry refined aesthetics with practical comfort, this bathroom is equipped with an electric-flush toilet and a separate shower cabin featuring a soothing rain shower for a spa-like experience. A smooth Corian washbasin delivers both hot and cold water, while a tailored design mirror introduces an elegant focal point. A dedicated ventilation fan combined with gentle, indirect lighting preserves a fresh, tranquil atmosphere at all times.

Galley

The galley is tastefully appointed with a Silestone sink supplying both hot and cold water, accompanied by a dedicated wine cooler and a refrigerator to keep provisions perfectly chilled. A versatile combination microwave oven expands culinary possibilities, while strategically positioned 110V outlets along with USB and USB-C charging ports ensure effortless power for appliances and personal devices. Soft, indirect lighting casts a welcoming glow, and efficient air

conditioning maintains comfortable conditions throughout the year.

Lounge table & walkaround

The forward lounge welcomes guests to unwind in refined comfort around a versatile, height-adjustable dining table that transitions effortlessly from casual refreshments to formal meals. A carefully conceived walkaround affords approximately 90 cm of depth, measured from floor level to the highest point of the hull, allowing secure, assured movement along the decks while significantly enhancing comfort and safety when underway.

Safety

Every voyage is undertaken with absolute reassurance: the yacht is supplied with twelve life vests, safeguarded by an automatic fire-extinguishing system located in the engine room, and fitted with a three-compartment automatic bilge pump system to manage water efficiently and reliably whether underway or at anchor.

Anchor system

Designed to make mooring effortless, the yacht is equipped with a fully automated anchoring ensemble: an automatic submarine anchor paired with an automatic anchor winch handling a 50-meter stainless-steel chain attached to a 40 kg Pool anchor. This configuration guarantees secure holding and exceptionally smooth operation in any harbour or bay, while an automatic freshwater chain-rinse system preserves the gear and helps prevent corrosion. A remote-control system with an integrated chain counter provides precise, stress-free deployment and retrieval of the ground tackle from anywhere on board.

Stern garage

Conceived specifically to accommodate the ABJET 350XP tender, the stern garage houses an automatic winch to ensure smooth, effortless launching and retrieval, and is fitted with a bespoke lounging frame that instantly converts the aft bay into an elegant waterside retreat. Intelligent stowage provisions include two Seabob sleeves with 110V charging points, while a built in inflator for toys streamlines setup so every adventure is ready at a moment's notice.

Crew quarters

Comfortably accommodating three, the crew quarters are luxuriously appointed with a private head and separate shower, plentiful storage for personal effects, and thoughtful amenities including a Miele washer/dryer combo, a Samsung microwave and a Virtrifrigio fridge. A Garmin MFD provides onboard system access, while the layout balances restful berths with practical functionality for extended passages.

Side garage

This purpose-built side garage discreetly stows a Vanquish VQ11 tender, with an integrated launch mechanism engineered for swift, seamless deployment and recovery.

Additional equipment & features

Engineered for effortless command, the yacht is equipped with MJP automatic positioning via GPS control, while on-deck comfort is enhanced by a shaded canopy above the forward dining table fitted with carbon-fiber awnings and an electrically operated sunshade awning at the stern. Navigation and situational

awareness are reinforced by a Garmin radar system mounted on a designer support spoiler, complemented by FLIR night vision paired with a daytime camera. Evenings are transformed by underwater lighting at the stern and running along approximately two-thirds of both the port and starboard sides, and every voyage is underscored by a bespoke high-end audio system. Practical luxuries include stern garage storage sleeves configured for two Seabob F5 units with dedicated power points and a carbon deck shower for discreet post-swim rinse-downs.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
