OVERVIEW

Sunseeker Predator 72 built in 2006, comprehensively renewed in 2025 and showing just 600 engine hours, presents an exceptional blend of performance and refinement with clear potential for Ibiza charter operations.

This striking performance motor yacht carries Sunseeker's unmistakable DNA while displaying a fresh, contemporary aesthetic after a full 2025 refit. As a luxury sports cruiser and open hardtop express model, she balances exhilarating speed with polished onboard comfort. Twin MAN V12 engines, each producing 1,550 horsepower, supply strong, responsive thrust; with only 600 verified hours she accelerates with authority, reaches a top speed of around 34 knots and settles into an economical 24-knot cruise for efficient passages and dramatic arrivals in the Balearics.

The refit touched every visible surface and elevated the yacht's feel well beyond her build year. New teak has been laid throughout, all exterior cushions and sunpads were replaced, and the main salon has been extensively reworked with upgraded upholstery and subtle ambient lighting to create a modern, sophisticated interior mood. The electric opening hardtop transforms the deck lounge at the touch of a button, flooding the cockpit with sunlight and turning alfresco spaces into a true social heart. External finishes and joinery have been renewed to present a cohesive contemporary style.

Accommodation is configured to welcome six guests across three elegant ensuite cabins, while a separate crew cabin with its own access conserves privacy and supports professional operation. The lower-deck layout is arranged for comfortable extended use—equally well suited to owner enjoyment or to the demands of charter work—while the main cockpit invites relaxed entertaining with ample seating, a convivial dining area and a well-equipped wet bar. A hydraulic swim platform provides effortless transitions from water to yacht, creating the quintessential Mediterranean

beach-club experience at every anchorage.

Systems and inventory have been specified for reliability and comfort: a bow thruster for confident close-quarters handling, a full Raymarine navigation suite for precise passage-making, a genset and comprehensive air conditioning for true autonomy, a fully equipped galley to support extended cruising or charter service, onboard WiFi for connectivity, and beautifully finished teak decks that underline the vessel's premium lineage.

Offered as a versatile performance yacht, luxury motor yacht and attractive charter prospect, she benefits from an optional Ibiza charter program with potential berth availability and full management support—adding a compelling commercial dimension to private ownership. Combining low engine hours, a major 2025 refit, the top-tier twin MAN V12 1550 hp package and substantial charter upside, this Predator 72 represents a standout opportunity in the 70–75 ft segment. Viewings are highly recommended.

DETAILED DESCRIPTION

Features

With only 600 verified engine hours, this Predator 72 presents in exceptional condition, arguably one of the finest examples on the market, offering a rare combination of performance and refinement. The powerful twin MAN V12 engines, each rated at 1550 HP in the larger factory configuration, deliver improved fuel efficiency at cruising speed, an effortless 24-knot cruise and an exhilarating 34-knot top speed, while an electric opening hardtop defines a deck layout complemented by new exterior cushions and sunpads added during a full interior and exterior refit completed in 2025. Comfort is absolute with air conditioning throughout, a hydraulic bathing platform for seamless water access and precise maneuvering aided by a bow thruster, while below deck three guest cabins, each en-suite, are complemented by a separate crew cabin with independent access to ensure privacy and professional service on every passage. The Raymarine navigation suite keeps you confidently on course and, registered under the Spanish flag, this yacht is prepared for immediate enjoyment.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
