OVERVIEW

50% Fractional Ownership available, or acquire both shares for \$1,625,000.

Step aboard It's Enough, a pristinely maintained 2013 Sunseeker Manhattan 73 flybridge motor yacht, where contemporary luxury meets seaworthy engineering. This elegant vessel presents a four-stateroom arrangement that accommodates up to 8 guests plus 2 crew, with a dedicated crew cabin complete with head. All services and maintenance are current through 2025, and with a full-time captain and professional oversight by Naples Nantucket Yacht Group, every system and finish has been attentively managed.

Recent upgrades from 2021–2025 enhance both form and function: new Garmin navigation electronics and Starlink connectivity modernize the bridge, all-new teak exterior decks renew the outdoor living spaces, a custom removable flatscreen TV on the flybridge mounted on a stainless bracket elevates entertainment, and fresh exterior soft cushions (original gray set included) complete the updated alfresco comfort. Aft, a well-appointed crew suite comfortably supports two.

Natural light pours through expansive hull-side windows into the contemporary interior. The galley has been refreshed with new quartz countertops and a full-size refrigerator to match the yacht's refined culinary appointments. Below decks the full-beam master stateroom impresses with large windows, an elegant desk and settee, a walk-in closet, and an ensuite finished with new quartz surfaces and an upgraded shower. Forward, the VIP suite features a floating queen berth and a private bath; to port sits a twin cabin; midship starboard is a guest cabin with a floating queen and a bathroom that doubles as the day head, and nearby there is a generous storage room to stow provisions and gear.

True to Sunseeker pedigree, every detail reflects modern elegance. The expansive flybridge and sundeck, fitted with enclosures, invite open-air

lounging and panoramic cruising vistas, while a spacious bow lounge provides a private retreat. The aft cockpit sets the scene for alfresco dining and relaxed entertaining. As a standout in the flybridge yacht and luxury motor yacht categories, It's Enough is equally suited to family cruising, bluewater passagemaking, or refined crewed charters.

Available for viewing in Naples, FL, she is truly turn-key and ready for her next owner. Fractional ownership—long embraced in private aviation—offers a practical, cost-effective route to premium yachting: by sharing ownership with like-minded partners you gain access to a high-value vessel without the full burden of sole ownership. With two decades of charter and fleet management expertise, Naples Nantucket Yacht Group administers the complete experience—yacht management, professional crew, maintenance, taxes, insurance, and more—through a bespoke, fully managed program that delivers all the pleasures of ownership at a significantly reduced cost.

DETAILED DESCRIPTION

Other details

Meticulously updated and comprehensively maintained, this yacht benefits from a full 2025 service of all onboard systems, fresh bottom paint applied in 2025, new zincs fitted in 2025, and a new PropSpeed coating in 2025 to maximize running efficiency and protect underwater gear, while a thoughtful program of enhancements since 2022 has elevated comfort and entertainment throughout. The forward VIP stateroom features a Samsung Smart TV paired with a Fusion MS-AV700 audio system with MS-NRX200 controller and DIRECTV HD7, complemented by custom bed sheets, and the port twin cabin mirrors this premium audiovisual specification with Fusion MS-AV700, MS-NRX200, DIRECTV HD7 and custom bed sheets. The starboard guest queen cabin adds a Samsung Smart TV alongside Fusion MS-AV700 with MS-NRX200 and DIRECTV HD7 with custom bed sheets, and aft the master stateroom is appointed with a 2022 Samsung Smart TV, 2022 DIRECTV HD7 and custom bed sheets to ensure rest and recreation in equal measure. At the helm, 2023 Garmin electronics integrate seamlessly with Side Power Thrusters, VHF with speaker, joystick control and twin undercounter SubZero refrigerators to ensure confident command and effortless hospitality, while a secondary cockpit control station provides throttle and joystick controls for precise low-speed maneuvering from the aft deck. The galley is chef-ready with a full-size refrigerator/freezer and ice maker, a new 2023 cooktop and all-new 2023 quartz counters, and the salon offers always-on connectivity via a new 2025 Starlink installation joined by DIRECTV HD7, a Samsung Smart TV and an immersive Bose surround system with subwoofer, while premium JL speakers bring audio outdoors on the aft deck. The flybridge received upgrades in winter 2023 with new JL speakers, two new Garmin displays in 2023 and a new VHF in 2023, all complemented by Side

Power Thrusters controls and conveniences for entertaining including an ice maker, refrigerator, teak table and twin grills, plus a custom removable stainless-steel bracket for a 24-inch Samsung TV with integrated sound for open-air viewing, and forward new mesh screens for the windshield and side windows were added in 2025 for enhanced comfort and protection.

Mechanical and utility systems have been equally prioritized: the generator received a full service in 2025, a new fresh water pump was installed in 2025, and the water maker was fully serviced in 2025, while AGM batteries provide robust, low-maintenance power and the hydraulic system received a full service in 2025 including oil coolers and replacement of all valves on both engines to ensure enduring reliability. All exterior fittings are stainless steel for enduring beauty and strength, with eight stainless-steel deck cleats, pulpit and cockpit rails and stainless-steel fendering with rubber insert, and ground tackle is anchored by a stainless-steel bow roller with anchor stop, a stainless-steel bow plate and a Delta anchor of 50 kg on 60 m of 12 mm upgraded stainless-steel chain, supported by an electric bow winch and capstan, 24vDC, controllable from the deck, cockpit and flybridge. Forward stowage is generous with a chain locker that doubles as fender stowage, a fender tie bar beneath the anchor-locker lid, foredeck storage lockers and foredeck seating, and the curved safety-glass windscreen is serviced by three pantograph windscreen wipers with washers, 24vDC. Fuel fillers to port and starboard and a fresh-water filler streamline provisioning, while IMCO navigation lights and a 24vDC remote spotlight ensure clear signaling and visibility and an aft ensign staff with socket completes the profile; the package includes eight fenders and custom fender hooks. In the cockpit a teak-laid, self-draining deck sets a refined tone, a molded staircase leads to the flybridge and a side bar unit with ice maker supports easy entertaining, while comfort and safety are assured with stern seating, stern safety gates and a dedicated engine-room access hatch, and for handling lines there are two stern capstan winches, 24vDC, with fairleads and rope lockers; audio carries crisply through cockpit speakers and

JL speakers and overhead cockpit lights, 24vDC, together with low-level courtesy lights in the aft cockpit, 24vDC, illuminate the night in understated style. The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel, and a buyer should instruct his agents or his surveyors to investigate such details as the buyer desires validated; this vessel is offered subject to prior sale, price change or withdrawal without notice.
