OVERVIEW

Princess Y72 "SOLOMON" — 2025 — 90 engine hours

Location: Trogir, Croatia • Asking: €4,000,000

Twin MAN V12 1650 hp — just 35 hours

Handed over new to her current owner straight from Princess Yachts' Plymouth yard in the summer of 2025, M/Y Solomon represents one of the freshest Princess Y72 examples available, still benefitting from factory warranty through 2027 and recorded with 90 engine hours. Powered by twin MAN V12 units rated at 1650 hp apiece — themselves showing only 35 hours — she has been kept in meticulous, low-use condition as the owner moves into a larger yacht.

Her specification reads like a thoughtfully chosen option list for refined, effortless cruising. Hydraulic fin stabilizers ensure calm motion both underway and at anchor; a Williams SportJet 395 tender rests neatly on the hydraulic bathing platform for fast, playful excursions; and full teak decking across the side decks, flybridge and bathing platform lends classic warmth underfoot. Lumishore underwater lights illuminate the waterline, while a premium audio package and a Raymarine navigation suite bring top-tier entertainment and electronics. The galley is appointed with Miele and Bosch appliances, including a dedicated wine cooler. Manoeuvrability and close-quarters control are enhanced by bow and stern thrusters and a third aft docking station, while a hydraulic passerelle, folding cockpit awning and a bespoke lighting upgrade complete the list of practical luxuries.

On the move she is sprightly and assured, with a 35-knot top speed and an easy 30-knot cruise that deliver rapid, quiet and stable passages.

Accommodation is arranged in a four-cabin, all-ensuite format, featuring a full-beam owner's stateroom, a forward VIP and two convertible twin cabins — a layout perfectly suited to family life or entertaining guests — with aft crew

quarters for two accessed independently to preserve privacy. Every space reflects the refined build quality Princess is known for.

The interior, conceived by the Princess Design Studio, embraces the latest generation of styling: open-plan living flooded with natural light, warm timber finishes, sumptuous leathers and contemporary details, exactly as you would expect from a 2025 model.

Laid up in Trogir and only about 20 minutes from Split International Airport (SPU) and roughly 1.5 hours from Zadar, she is conveniently positioned for inspections and immediate Mediterranean cruising.

For buyers considering alternatives such as the Sunseeker 75 Yacht, Ferretti 720, Azimut 72 Fly or Sanlorenzo SL78, the Princess Y72 offers a particularly well-balanced proposition — marrying luxury, craftsmanship and sea-keeping in a thoroughly modern flybridge motor yacht.
