## OVERVIEW

---

Before you consider purchasing a beautiful vessel in the southern regions, take a moment to explore this impeccably maintained and modernized northern yacht. You'll be delighted you did! Presenting the stunning 1999 74' Hatteras Sport Bridge Motor Yacht, powered by twin CAT 3412 engines, each delivering 1350 HP. As of June 2024, both engines have undergone a complete rebuild, featuring brand-new cylinder valves, pistons, and internal components, all serviced by an authorized CAT center.

"Quiet Waters" stands as the most exquisite, meticulously cared for, and up-to-date 74/75 Hatteras Motor Yacht available, regardless of price. The engines were entirely rebuilt in June 2024 by a certified CAT service company, utilizing only new CAT OEM parts—no remanufactured components. This yacht boasts a custom hardtop with a new full polycarbonate enclosure, along with all-new custom exterior cushions and covers.

The electronics at both the pilot house and bridge stations were upgraded in 2022, including a new bridge dash. Enjoy state-of-the-art SAT TV and Wi-Fi entertainment systems. The yacht features new electronic CAT controls with a Dock Mate handheld controller. With approximately 4385 original engine hours and less than 10 hours since the rebuild, it's ready for new adventures. A new CAT aft generator was installed in 2023, with around 30 hours of use.

Additional features include a hydraulic bow thruster, Naiad stabilizers, a Sea Lift platform lift from 2018, and tasteful interior and exterior decor. The galley is equipped with new stainless steel appliances and a glass cooktop. The salon and galley received new flooring and decor in 2021. The antenna mast, radar array, and SAT domes are custom painted gray to match the canvas and stripes. Custom solid teak decking was installed on both cockpit soles and cover boards in 2021.

The yacht is illuminated with custom LED lighting inside, outside, and

underwater. Recent maintenance includes an epoxy bottom job, shaft seals, prop balancing, and prop speed applied to the running gear. All AC systems, heads, pumps, and domestic systems have been serviced or recently replaced as needed. A 2019 Walker Bay RIB tender with a 50 HP Honda is included. The list of features and upgrades goes on and on...
