## OVERVIEW

---

Constructed in 2020, the Sunseeker Predator 74 is a striking, fast and luxurious motor yacht that marries performance with refinement. Propelled by twin MAN V12s, she offers brisk passage-making and a smooth, quiet ride. Inside, three generous staterooms each boast en-suite heads, complemented by a dedicated crew cabin, while an elegant salon seamlessly opens onto the open cockpit to foster effortless indoor outdoor living. Equally suited to relaxed days or lively entertaining, this sport yacht/express cruiser excels for both short cruises and longer escapes. KB Jr has been meticulously cared for and is ready for her next voyage.

# DETAILED DESCRIPTION

---

## Deck

---

A striking blue hull and flawlessly laid teak deck set the tone for open air living, while Sleipner Vector Zeros Speed Stabilizers deliver poise both at rest and underway. A hydraulic swim platform forms the heart of the beach club, working seamlessly with a tender garage that houses a 14' custom tender complete with a launch/retrieval remote, and is thoughtfully paired with crew quarters that include a head and a dedicated laundry room. At the transom, a foldout bench seat and a full Beach Package—featuring a carbon fiber shower and a foldout transom grill—invite languid afternoons, complemented by an aft sunpad and a cockpit lounge with integrated storage, a cockpit dinette, BBQ, sink, and refrigerator. Command is always at hand from the cockpit station with single lever controls and thruster controls, and the ambiance is elevated by a high end upgraded sound system. Forward, an inviting U shaped foredeck settee with table and refrigerator stands opposite a foredeck sunpad with integrated storage, while an integrated pulpit with windlass underscores purposeful capability; practical touches such as engine room access and a cockpit electric sunshade round out the deck experience with effortless ease. On the helm deck, a salon with an L shaped settee and a hi low table sits behind a retractable aft bulkhead that merges interior and exterior spaces; a pop up flat screen TV, built in bar, and recessed lighting throughout create a refined atmosphere, the sunroof opens the sky above, and the helm itself features an L shaped settee, dual helm chairs, and a starboard helm door for swift side deck access.

## Accomodations

---

Below deck, the lower salon welcomes with an L shaped settee and table, a

flat screen TV for effortless entertainment, and a practical pantry to keep provisions elegantly organized. The galley is chef ready with a VitriFrigo standup refrigerator/freezer and a VitriFrigo wine cooler, a Miele convection microwave oven and a dedicated microwave, a Miele dishwasher, and a Miele flat top quad burner electric stove; a supplementary refrigerator and freezer expand cold storage, while a stainless steel sink and ample storage ensure every culinary tool has its place. The full beam master stateroom is a private sanctuary, centered on an island style king berth with built in storage, enhanced by a walk in closet with lockers, a serene sitting area, a flat screen TV, and a dedicated makeup area; the en suite head features a stall shower and a mirrored vanity for spa like comfort. The VIP stateroom mirrors the sense of occasion with an island style queen berth with built in storage, hanging lockers, a flat screen TV, a makeup area, and an en suite head with a stall shower and mirrored vanity. Guests are indulged in their own stateroom with dual side by side single berths with built in storage, a hanging locker, a flat screen TV, and en suite head access with a stall shower and a mirrored vanity. For extended cruising, the crew stateroom provides dual single berths with built in storage, additional storage lockers, a flat screen TV, and an en suite wet head with shower, while a Splendide washer/dryer streamlines life on the water.

## Helm and electronics

---

From a command centric helm, two Simrad NSO 19" EVO2 multifunction displays with Black Box and upgraded EVO processors anchor a carbon fiber dash, joined by Simrad Halo radar, a Simrad VHF/hailer, three Simrad IS42 multifunction displays, and a Simrad AP44 autopilot with remote control. Precision maneuvering comes courtesy of a Side Power bow and stern thruster, single lever electronic controls, MAN engine management displays, and the Yacht Controller remote system, while AIS, a Sanshin searchlight,

dependable windshield wipers, and STARLINK connectivity complete a thoroughly modern navigation suite; upgraded custom leather helm seats ensure the captain's comfort matches the yacht's capability.

## Electrical

---

Off grid confidence comes from an Onan 29kW generator showing 1920 hours, supported by a battery charger and LED lighting throughout for efficient, cool illumination. Daily life aboard is made effortless with a hot water heater and upgraded high power underwater lights that dramatize the waterline at night, while dual Cablemasters simplify shore power handling with neat, push button ease.

## Engine details and mechanical equipment

---

Performance and reliability are driven by a MAN V12 1900 D2862LE476 with 830 hours, paired with a Seafari watermaker to extend your cruising horizon. Side Power hydraulic bow and stern thrusters add authority in tight quarters, while engine room vents and an oil change system ease service. Custom high performance propellers and custom flow aligned speed rudders sharpen response and efficiency, and an integrated air compressor system plus a fresh water washdown bring professional grade practicality to every passage.
