OVERVIEW

READY FOR A NEW OWNER!!

Recent Price Adjustment - Miami Boat Show Special!! M/Y VIDI, a 2018 74' Pershing, represents the zenith of luxury yachting and engineering prowess. Meticulously cared for by a dedicated Captain and our yacht management team since her arrival from Italy five years ago.

VIDI is a one-owner masterpiece with 430 engine hours and just 1450 hours on the generator. Having completed the initial "breaking in period," this yacht is primed for adventure! She underwent a thorough commissioning process post-construction, enhancing her original systems for greater reliability and longevity. Better than a brand-new Pershing! All service advisories, scheduled maintenance, and recommended adjustments have been executed, fine-tuning her to glide effortlessly over the water.

She is the ideal Yacht for an owner seeking a chic performance cruiser that offers more than just aesthetics. The yacht boasts a 74.40-foot length, 18-foot beam, and 4.90-foot draft. She is driven by twin MTU 12V 2000 M96L engines with an MTU EPC (Extended Propulsion Coverage) warranty valid until May 23, 2028, or 1821 hours.

VIDI can achieve 46 knots at top speed and cruises comfortably at 37 knots with a range of 280 nautical miles. The yacht is fitted with a cutting-edge AUTOTRIM TOP SYSTEM that optimizes performance as speeds and loads fluctuate. The innovative design of the Pershing 74 offers a seamless indoor-outdoor experience, allowing guests to fully enjoy the pleasures of life on the water. She includes an optional factory-installed Seakeeper 9 stabilization system and SidePower Bow & Stern Thrusters, ensuring safe and effortless handling. Additionally, VIDI is equipped with a comprehensive Navigation Package featuring the Furuno TZ Touch electronics suite and an optional FLIR M-324S Thermal camera, guaranteeing ease and safety in

navigation under all conditions. This extraordinary vessel is a true testament to the pride and excellence of the Pershing fleet.

The vessel underwent a comprehensive yard period in June 2023, ensuring her pristine condition. The MTU engines and TOP SYSTEM surface drives have been meticulously serviced by MTU and TOP SYSTEM AMERICA, complemented by a fresh bottom job, new zincs, seacocks maintenance, prop speed running gear painting, teak sanding, and a thorough vessel-wide compound and wax treatment led by our Yacht Project Management Team. This turn-key yacht leaves no detail overlooked.
