OVERVIEW

Step aboard the 2007 Princess 23m 74 and encounter a vessel where refined design meets seafaring capability, currently offered for sale in the United States. This Princess-built yacht, measured at 74 feet (23 meters), presents a striking profile on the water, its sleek silhouette and timeless lines speaking to the craftsmanship and innovation associated with the marque.

Beneath that graceful exterior lies a modified V-hull fashioned from robust fiberglass and plastic, engineered to deliver a steady, composed ride whether carving coastal passages or gliding across open water. The generous 18-foot beam creates expansive interior and deck volumes, providing plentiful room for socializing, relaxing, and storing toys for spontaneous excursions. Every inch of her proportions is intended to balance presence with comfort.

Inside, the atmosphere is one of understated luxury. The interior, though not attributed to a specific designer, radiates a cultivated sense of elegance, with well-arranged living spaces that invite both convivial gatherings and quiet retreats. Accommodation is thoughtfully executed, with four well-appointed heads ensuring guest comfort and convenience during extended cruises or overnight stays.

Underway, the yacht is propelled by twin MAN inboard engines running on diesel, offering reliable power and responsive performance for passage-making and coastal cruising alike. Her fuel tanks hold 1,270 gallons, enabling extended voyages between refueling stops, while a 305-gallon water capacity supports leisurely living aboard without compromise.

This 2007 Princess 23m 74 represents an exceptional opportunity for those seeking a blend of sophistication and practical capability. Offered for sale in the United States, she stands as a rare and desirable example within her class, marrying aesthetic refinement with the performance and range to explore widely. For the discerning owner who values graceful lines, solid construction,

and comfortable accommodations, this yacht promises many memorable hours upon the sea.

DETAILED DESCRIPTION

For sale: 2007 Princess 74 75 23M motor yacht

Discover the epitome of luxury and performance with this meticulously maintained 2007 Princess 23M motor yacht, a 23.02-metre (75.5-foot) vessel that blends sophisticated design, spacious accommodation and commanding seaworthiness to satisfy the most discerning owners; crafted by Princess Yachts, she is driven by twin MAN V12 diesel engines producing 1360 horsepower each, delivering exceptional reliability and a top speed in excess of 30 knots while cruising comfortably in the mid twenties, and reaching maximum speeds in the low thirties. The interior is appointed with high-quality finishes including cherry wood cabinetry, premium upholstery and en-suite bathrooms, and offers a full-beam master suite, a VIP cabin and two twin guest cabins to sleep up to eight guests with three to four heads including en-suite facilities for the master and VIP and a guest/day head, while separate crew accommodation provides a double berth cabin with facilities. The expansive main saloon features panoramic windows, plush seating and upgraded entertainment systems, complemented by a modern galley equipped with refrigerator, freezer, microwave, oven and ample storage; the large flybridge is arranged for entertaining with a helm station, dinghy lift, wet bar, BBQ grill, fridge, sun pads and generous seating, and the teak-decked cockpit offers a dining area and access to a hydraulic bathing platform with additional foredeck sunbathing and seating. This Princess has been well maintained with regular engine and systems servicing and a navigation and electronics suite that includes upgraded Raymarine GPS and chart plotter, autopilot, VHF radio and depth sounder for safe and precise navigation, plus upgraded Fusion marine audio with four eight-inch outdoor speakers, a saloon stereo with subwoofer, a new Sony television in the saloon and a Sansui TV in the VIP cabin, with new

FlexiTeak scheduled for installation in 2025. Further equipment includes air conditioning throughout, two Onan generators, hydraulic passarelle, bow and stern thrusters and comprehensive safety gear, and with a beam of 5.77 metres (18.9 feet), a draft of 1.60 metres (5.2 feet) and a displacement of approximately 48,000 kg (105,820 lbs), fuel capacity of 5,600 litres (1,479 gallons) and water capacity of 1,386 litres (366 gallons), this CE Category A (Ocean) GRP-built yacht is ready to deliver unforgettable experiences on the water — an exceptional Princess 23M that combines performance, comfort and style for coastal cruising, extended passages or elegant entertaining.
