## OVERVIEW

---

A genuine performance yacht, cared for with the utmost attention by a professional crew and presented in the exclusive XPS limited-edition specification, she marries commanding presence with distinguished lineage. Sculpted exterior lines embrace an interior rich with luxurious appointments, while twin 1900 MAN diesels drive her to an enlivening 38 knots, capturing the essence of both a sport yacht and an express cruiser. Comfort is heightened whether at rest or on passage by Sleipner fin stabilizers, and an aft docking station makes delicate close-quarters handling straightforward. Extended BPP 6-year yacht-class coverage on engines and generator provides reassuring protection, and practical enhancements — a bespoke arch with a folding hinge engineered to clear low bridges, a watermaker, and a wireless controller — grant exceptional autonomy.

Optimized for unforgettable days afloat, she features a generous aft cockpit perfect for hosting family and friends, a roomy tender garage for easy stowage, and a hydraulic platform designed to accommodate a tender or jetskis with ease.

## DETAILED DESCRIPTION

---

### Moulding

---

A pure White Hull sets a pristine tone, elevated by a Boot Top Line finished in Awlcraft 2000 Sandal Wood Metallic Silver that is echoed on the Hard Top coamings for a seamless, high-luster signature; the lower console and navigation area are dressed in an Anthracite Light Bronze Metallic Matt finish, blending sophistication with glare-reducing practicality. A hydraulically lifting platform delivers confident tender handling with a maximum lift capacity of 450 kg, while an upgraded 100-gallon black water tank extends autonomy between pump-outs and supports longer cruising intervals. The Tropical-spec air conditioning system supplies a commanding 118,000 BTU for effortless comfort in hot climates, and an XPS Special Addition styling package sharpens the overall aesthetic. For a unified, performance-focused appearance the radar scanner, radar chair equipment, and VHF aerials are all sprayed Jet Black, completing a purposeful and polished exterior expression.

### Foredeck

---

Practical protection meets polished style on the foredeck where a Black Mesh cover shields the windscreen and hard-top glass, while foredeck seating benefits from a manually operated stainless-steel framework and a Sunbrella Plus canopy in Jet Black 5032 that speaks to both durability and refined taste. Anchoring confidence arrives courtesy of a Lewmar 110-pound Delta galvanized anchor paired with 190 ft of 12 mm galvanized chain and a Lewmar V6GD-24V anchor winch, secured by two polished stainless-steel 14" bow mooring cleats for sure footing when coming alongside. Leisure is elevated by bow sunbathing cushions with folding backrests and a teak foredeck table with a fixed top on a polished stainless-steel leg, turning the forward area into a

convivial lounge. Entertainment is built in with two Sonance VPXT6R Extreme speakers driven by a Sonos Amp, while two Webasto Isotherm Cruise 36 24V drawer refrigerators, each with 9.5 gallons capacity and stainless fronts, are integrated beneath the seating for chilled convenience. Low-level LED deck lights in White add soft, elegant illumination for evening ambiance, and a fresh-water deck wash outlet stands ready for easy rinsedown.

## Aft cockpit

---

The aft cockpit is tailored for every moment of open-air living, with a Rear Camper featuring windows in Sunbrella Plus Jet Black 5032 that can enclose the space when desired while dedicated Stamoid Light White covers protect the sunpad, seating, and table. An electric canopy unfurls in Black awning fabric to extend shade with ease, and a convenient freshwater deck wash is immediately at hand. Mooring hardware is thoughtfully specified with two polished stainless-steel 14" aft docking cleats and two sets of 12" spring cleats mounted port and starboard on the bulwark for secure alongside handling. Underfoot, warm teak decking complements an XPS carbon fiber aft cockpit table with a folding top mounted on twin polished stainless-steel synchronized electric legs, providing both strength and refined presence. Entertainment flows from four Sonance VPXT6R Extreme speakers powered by a Sonos Amp, while hospitality is perfected with a Kenyon electric BBQ grill, a Vitrifrigo Ice Maker Classic, and an insulated ice chest with Coolmatic, making alfresco dining effortless. An AFI Duel trumpet horn stands ready at the bow, and low-level LED lights in White grace the cockpit and the steps down to the platform, all with overhead lighting dimmers to dial in the mood.

## Helm console

---

Contemporary craftsmanship meets command-center clarity at the helm,

where Earth Grey Oak in a low-build, open-grain Satin Finish forms a refined backdrop complemented by Nickel Grey Lacquer 91005 gloss side panels on the under-helm seat storage unit and matching gloss end feature panels to the observation seating. The Helm Seat upholstered in G—Flint Grey Leather faces Oak flooring finished in a White Grey varnish for a considered contrast. Navigation and control are comprehensive: a Garmin 17" GPSMAP 8617XSV chartplotter/sonar with Airmar B744V bronze transducer pairs with a second Garmin 17" GPSMAP 8617 network chartplotter and Garmin GPS19x antenna, all under the watch of a Garmin 4' 4 kW open-array xHD2 radar. Precision handling is assured by a Garmin GHP 20 with SmartPump autopilot system with rudder feedback and a GHC20 helm display, Garmin VHF 300i with DSC, and a Garmin AIS 800 Class B transceiver. A Sanshin Twin Beam HR-1012-24V searchlight extends the view, while the Rexroth Aventics Marex OS 3D joystick docking system delivers fingertip control in close quarters. Safety is elevated by the Fireboy Xintex FR-200 two-zone fire alarm system, with Zone One engine-room heat and smoke sensing and Zone Two accommodation heat and smoke sensors for the main and lower decks, managed from the main helm. The Sunseeker Cm8 integrated power management, boat monitoring, and control system features a 7" touchscreen display and a dedicated 3.5" fuel display, while dimmer switches soften overhead lighting and carbon fibre effect console panels complete the purposeful aesthetic.

## Main saloon

---

The main saloon exudes quiet luxury with Earth Grey Oak in a low-build, open-grain Satin Finish throughout, contrasted by port outboard storage doors and side panels in high-gloss Nickel Grey Lacquer 91005 that catch and reflect light with an elegant sheen. The storage unit top is finished in P—Quartz Silestone Eternal Marquina, polished to a deep gloss and balanced by a forward storage box in matching Nickel Grey Lacquer 91005 gloss. Dining takes

center stage on a Carbon Fiber tabletop opposite starboard saloon seating upholstered in G—Platinum Orsago with a central backrest feature in G—Flint Grey Leather, while Matte Silver Venetian blinds temper sunlight over Oak flooring in a White Grey varnish to create a calm, inviting atmosphere. A port-side outboard storage unit replaces a traditional settee to maximize utility, and entertainment is cinematic via a Samsung 55" UHD television with built-in Apple TV App, Blu-ray player, and a five-to-one system comprising a Proficient Protege soundbar with a Sonos Amp and Sonos Subwoofer, plus B&W CCM362 rear speakers driven by an additional Sonos Amp.

## Galley

---

Designed for gourmet flow, the galley showcases Earth Grey Oak in a low-build, open-grain Satin Finish with top locker doors in Nickel Grey Lacquer 91005 gloss and Matte Silver Venetian blinds that allow light control for any meal setting. Oak flooring in a White Grey varnish steps down from the deck saloon and continues through the lower lobby to the forward cabin door, creating a seamless circulation. Worktops are P—Quartz Silestone Eternal Calacatta Gold, polished to perfection and contrasted by Black Chrome Vimar Classic switch and socket trims for a refined industrial touch. Cold storage is generous with an integrated dual-voltage Vitrifrigo DW360 DT refrigerator above and a lower freezer/refrigerator compartment below, while a Smeg hob extractor keeps the air crisp above a Miele KM5621 four-ring ceramic hob, complemented by an integrated Miele microwave oven and a Miele integrated slimline dishwasher. Dimmer switches on the overhead lighting ensure the ambience always suits the moment.

## Lower saloon

---

The lower saloon invites relaxed retreat with a Carbon Fiber breakfast table

top set over Oak flooring in a White Grey varnish, creating an intimate, contemporary setting. Entertainment is on cue via a Samsung 32" TV, Samsung Blu-ray player, Sonos Beam, and Apple TV, while dimmer switches tailor both interior and exterior overhead lighting to the moment. Seating upholstered in G—Platinum with a backrest feature in G—Flint Grey Leather completes the refined, modern tone and ensures comfort for quiet mornings or evening gatherings.

## Master stateroom

---

The master stateroom is a sanctuary of tactile detail with Earth Grey Oak in a low-build, open-grain Satin Finish framing a horizontal headboard feature with stainless detailing and Nickel Grey Lacquer 91005 gloss accents. Bedside cabinet drawer fronts and tops echo the Oak, while a port aft coffee table continues the suite's cohesive theme. Matte Silver Venetian blinds modulate light over Oak flooring in a White Grey varnish and a sprung mattress ensures restorative rest. Ambience is at your fingertips with overhead dimmers and polished chrome flexible-arm reading lights, while a distinctive XPS master cabin table lamp—the Porta Romana Harry Desk Lamp with an 18-inch Harry Rectangle shade in Champagne—adds curated warmth. Entertainment arrives via a Samsung 43" UHD television with built-in Apple TV App, Blu-ray player, and a Proficient Protege soundbar driven by a Sonos Amp and Sonos Subwoofer. Practicality hides in plain sight with a master walk-in wardrobe incorporating a Dometic Safe MD 281 concealed within the cabinetry, and wood flooring continues seamlessly into the forward and mid cabins.

## Master ensuite

---

Spa-like finishes define the master ensuite where mirrored top locker doors reflect light over a Vanity Top and splashback in S—Minerva Carrara White

(Marble Veined Effect) gloss, a material carried through the flooring, shower compartment side linings, and main bulkheads for a seamless, bright aesthetic. Hansgrohe taps and accessories in polished chrome, a chrome heated towel rail, and a Tecma Silence Plus 2G 24V toilet provide precision hardware and comfort, completing a spa-inspired private bathroom.

## Vip forward

---

The forward VIP stateroom balances poise and privacy with Earth Grey Oak in a low-build, open-grain Satin Finish, a central headboard feature with stainless steel trim, and a TV feature panel in Nickel Grey Lacquer. A vanity desk in Earth Grey Oak complements Oak flooring in a White Grey varnish and sprung mattresses assure hotel-level comfort. Entertainment is delivered via a Samsung 43" UHD television with built-in Apple TV App, Blu-ray player, and a Proficient Protege soundbar powered by a Sonos Amp, while flexible-arm polished chrome reading lights provide perfect nighttime focus.

## Vip ensuite

---

Crisp and cohesive, the VIP ensuite features Earth Grey Oak accents, mirrored top locker doors, and S—Minerva Carrara White for the vanity top and splashback, flooring, shower compartment side linings, and bulkhead for a bright, unified scheme. A chrome heated towel rail, Tecma Silence Plus 2G 24V toilet, and dimmer switches for the overhead lighting complete a comfortable and controlled guest bathroom.

## Starboard mid guest room

---

The starboard mid guest room blends versatility with refinement as Earth Grey Oak in a low-build, open-grain Satin Finish frames a horizontal headboard

feature with stainless steel trim and Nickel Grey Lacquer accents over White Grey-varnished Oak flooring. A sprung mattress set promises restful sleep aided by flexible-arm polished chrome reading lights, and entertainment is curated by a 24" HD television with Blu-ray player and a Sonos Amp driving B&W CCM362 ceiling speakers. Two single beds transform at the touch of a button, sliding electrically together to create an occasional double, making the cabin adaptable to changing guest needs.

## Guest head

---

Bright, modern finishes define the guest head with mirrored top locker doors and S—Minerva Carrara White for the vanity top and splashback, flooring, shower compartment side linings, and bulkhead. A Tecma Silence Plus 2G 24V toilet pairs with overhead lighting dimmers for comfort and control in this guest bathroom.

## Crew quarters

---

Thoughtfully appointed, the crew quarters feature Earth Grey Oak in a low-build, open-grain Satin Finish with durable Altro Walkway Temple flooring underfoot for resilience in high-traffic areas. The ensuite contrasts Polyray P066 Pearl Blanc Surf bulkheads with an S—Minerva Carrara White vanity top, while rest is supported by sprung mattresses. Practicality is assured with a Tecma Silence Plus 2G 24V toilet and a Splendide washer/dryer to keep crew routines efficient and discreet.

## Engine rooms

---

Power and poise converge in meticulously engineered machinery spaces where a Glendinning Cablemaster manages one power feed and recovery AC

shore power cable for tidy hookups. Electrical headroom is assured by an Onan 29 kW 60 Hz generator (29MDKDS) sized to support upgraded air conditioning and/or stabilizers. Ride comfort is tamed by a Sleipner SPS66B hull stabiliser unit with Vector Fin VF1050—1.05 metre, driven underway by hydraulic pumps on both gearboxes and, at anchor, by a 7.5 kW AC motor powered by the generator through a variable speed drive. Close-quarters authority comes from a hydraulic Sleipner SP300HYD/U 16 bow thruster rated at 23.3 hp and a hydraulic Sleipner SH240/250TC U11 stern thruster at 20 hp, both with simultaneous dual proportional controls. Propulsion is provided by twin MAN V12 1900 SHAFT engines, delivering relentless, reliable performance.

## Deck & exterior garage

---

On deck detailing marries elegance and utility with a folding stainless-steel bathing ladder that stows discreetly beneath a GRP lid on the bathing platform and a carbon fiber ensign staff with a 32 mm tube, high-gloss finish, and stainless head and socket that flies colors with authority. Tender operations are smooth with a recovery roller system, and comfort is elevated by an exterior upholstery upgrade in Spradling Hitch or Sunbrella premium fabrics. A fresh-water marina connection with pressure regulator simplifies shoreside supply, a Whale Twister handheld swimming shower cools the moment, and teak decking graces the aft cockpit, platform, and steps. Protection is comprehensive with a covers package including foredeck sunpad, foredeck seating, foredeck table, aft cockpit sunpad, aft cockpit seating, and aft cockpit table covers in Stamoid Light White for long-term preservation.
