OVERVIEW

Inizio is a 2021 Horizon Yachts FD75, a raised-pilothouse fast-displacement motoryacht on Horizon's High Performance Piercing Bow platform, featuring a full flybridge with a second helm, a main salon with convertible dining, a spacious aft galley that opens to the aft deck via folding doors, and an oak interior with dark-wood accents. The aft deck, galley, and salon flow on a single level with no steps.

Accommodations total seven in four staterooms—king master, queen VIP, a twin that converts to a queen, and a single—with three heads, plus a private two-berth crew cabin aft with its own head and direct access to the swim platform.

Power is twin Caterpillar C18 ACERT diesels with upgraded five-blade propellers, complemented by ABT zero-speed stabilizers, hydraulic bow and stern thrusters, a wireless Yacht Controller, twin 29 kW Onan generators, a 700 gal/day Spectra watermaker, a hi-lo swim platform, and an upgraded Garmin navigation suite for confident owner-operator cruising.

Owner upgrades include a custom centerline Jacuzzi aft on the flybridge, new teak decking across the entire flybridge, a large custom teak dining table beneath the hardtop, and a 2023 13' Brig RIB tender with a Honda 50. Fresh from a full yard period, all services are current.

DETAILED DESCRIPTION

Owner Upgrades

Inizio, a 2021 Horizon Yachts FD75 spanning 75 ft, features a custom centerline Jacuzzi aft on the flybridge surrounded by sunbeds on either side with storage beneath. The entire flybridge has been refitted with new teak decking, replacing the original non-skid. Port and starboard couches with ottomans are installed on the flybridge, complemented by a large custom teak dining table beneath the hardtop. A 2023 13' Brig RIB tender with a Honda 50 accompanies the yacht on the swim platform. Shestakov Yacht Sales

Recent Maintenance

Inizio, a 75-foot Horizon Yachts FD75 from 2021, has just completed a full yard period. The shaft seals were renewed, with two spare seals provided for each shaft, and the cutless bearings were replaced. The shafts and propellers have been balanced, and the rudder bearings and seals were refreshed. A five-year service for the stabilizers and thrusters was conducted. Every system was evaluated by a captain in collaboration with the Horizon service team. The engine room has been detailed, and all services remain up to date. Shestakov Yacht Sales.

Hull & Construction

Inizio is a 2021 Horizon Yachts FD75, 75 ft LOA. The hull and topsides present a white gel coat finish and are fashioned as a single-piece hull using VARTM cored lamination, featuring a deep skeg and longitudinal girders. The hull bottom, sides, decks, and superstructure, together with the stringers, are cored with high-density foam. An anti-osmosis barrier coat has been applied,

and the underwater gear is coated with International anti-fouling bottom paint. The design incorporates tunnels to reduce draft and a High Performance Piercing Bow (HPPB) protected by stainless steel plates.

Forward & Aft Decks

The 2021 Horizon Yachts FD75 Inizio showcases a non-skid forward deck complemented by teak decking on the aft deck, swim platform, and stair steps. Stalwart stainless steel #316 two-inch handrails with 1-1/4-inch stanchions flank the decks, and ten heavy-duty #316 stainless steel cleats—one at each corner of the swim platform among them—work with the fairleads and rollers to guide lines smoothly. An FRP cap rail frames the deck, while a deckhouse side entrance door and frameless tinted tempered safety glass windows, paired with stainless steel portholes, complete the exterior aesthetic.

Access to the main salon is via a stainless steel manual folding sliding door; aft deck furniture is laid out in accordance with the layout. The aft deck is illuminated by dimmable LED ceiling lights, side lights, and LED accent lights. Boarding gates are fitted on both the port and starboard sides, with Marquipt side boarding stairs featuring two handrails. A manual stainless steel swim ladder and stainless steel transom gates connect the aft deck to the swim platform. The hi lo stern swim platform offers a 1,500 lb lift capacity and includes two removable stainless steel corner rails for added security.

A watertight door links the swim platform to the crew quarters, and a built-in hot/cold shower is mounted on the swim platform. Wiring is prepared for the boat name on the transom. The forward deck presents a sunpad with drink holders and pop up LED lights, forward seating with backrests and storage lockers, and additional forward deck sunpads.

Anchoring gear includes one Maxwell VWC3500C vertical hydraulic anchor winch, one 80 kg stainless steel plow anchor, one 300 ft high tensile 1/2 inch anchor chain, stainless steel rollers and a chain stopper, and one chain

counter. LED exterior courtesy, bulwark, and navigation lights are provided.

Shestakov Yacht Sales

Flybridge & Boat Deck

Inizio’s flybridge and boat deck are outfitted with new teak decking throughout and an 18K air conditioning unit serving the flybridge. A tinted acrylic windshield set in a stainless steel frame protects the helm, which features integrated instrument panels with two Garmin 16" GPSMAP 8616 displays, Garmin autopilot, trim tab screens, a compass, a full complement of engine gauges with MMC control, a stabilizer screen, chain counter, bow and stern thruster controls, and VHF. Monitoring of key systems is provided by a C-Zone system covering fuel and water gauges, generators, navigation lights, bilges, sump pumps, engine room blowers and other essential equipment. Two STIDD helm chairs occupy the console, beneath a single hatch in the flybridge hardtop, with oversize drains and strainers installed at each corner of the deck along with internal overboard drains. Amenities include a wet bar with Corian countertop, sink and U-Line refrigerator/icemaker, plus custom stainless steel swivel bar stools and custom teak grid décor on the flybridge main bar front wall and TV wall. A dayhead is located to port, adjacent to a custom cabinet with Corian top, and an upgraded custom folding hi/lo table serves the seating area, complemented by custom end tables beside the flybridge sofa. Entertainment is provided by a fold-down 32" outdoor TV mounted in the flybridge ceiling with a hydraulic damper. A custom starboard balcony with open gate, safety rail and teak floor extends the flybridge, and four removable single teak chairs are supplied—two for the flybridge and two for the aft deck. LED ceiling lights on the flybridge are fitted with a dimmer, and a Tokai Sanshin LED searchlight is installed.

Engines & Propulsion

Inizio is a 2021 Horizon Yachts FD75, LOA 75 ft, equipped with twin Caterpillar C18 ACERT diesel engines rated 1,150 mhp each and paired with ZF 500-1 IV gearboxes. Propulsion is enhanced by upgraded five-blade propellers mounted on S/S Aqua Tech #22 HS shafts, featuring bronze struts and backing plates; shaft and rudder packing glands employ maintenance-free seals. Steering is provided by a Hypro electronic command system with an emergency steering device, and S/S rudders are fitted with zinc plates. Hydro Tab trim tabs with indicators and ABT hydraulic zero-speed stabilizers (300/9X) are installed, driven by an AC electric hydraulic pump that can be used with either generator. Bow and stern maneuvering are aided by ABT hydraulic thrusters rated 38 HP. Exhausts and generators are fitted with S/S covers and an FRP water/exhaust separator, respectively. Engine-room fire protection includes a Sea-Fire automatic/manual fire extinguisher with a panel at the helm station, an automatic Sea-Fire shutdown system, and a manual fire damper system.

Mechanical Systems

Inizio, built in 2021 by Horizon Yachts, model FD75 with a length overall of 75 ft, is equipped with 2,400-gallon aluminum fuel tanks featuring heavy-duty sight gauges and a self-closing control valve. Each engine benefits from dual Racor 75/1000MA fuel filter/water separators, while each generator is fitted with Racor 500MA fuel filters. A Groco oil change pump system serves the engines, gears, and generators. The Dometic chilled-water air conditioning system includes a spare A/C water circulation pump. Freshwater capacity is provided by a built-in FRP water tank of 300 gallons and two 20-gallon water heaters, with hot water circulated by a dedicated circulation pump. A Spectra watermaker produces 700 gallons per day and is controlled from a remote panel. Freshwater distribution relies on a high-volume AC freshwater pressure

pump and a spare DC pump (not plumbed in), with freshwater charcoal filters in the main supply line, marine-grade piping, and color-coded lines. A freshwater hose is fitted in the engine room. Washdown capabilities include freshwater and seawater anchor chain washdown (manual) and aft freshwater deck washes. The waste system comprises a built-in FRP 120-gallon holding tank with an overboard discharge pump, a separate 40-gallon holding tank for the crew head, electric level indicators for the holding tanks, a Y-valve for dockside pump-out, and a spare holding tank overboard discharge pump. Planus Stilo electric flush toilets are fitted in each head, and sump pumps handle greywater discharge. Bilge and safety equipment consist of Electric Rule bilge pumps, a high-water bilge alarm, and one manual bilge pump in the engine room. An air compressor is also installed.

Shestakov Yacht Sales

Electrical Systems

Inizio is equipped with two Onan 29 kW / 60 Hz generators and a single hand-held wireless Yacht Controller. The electrical distribution features BEP battery switches, one 3 kW inverter and one 2 kW inverter, and a 24V DC to 12V DC 40A step-down transformer. Charging capacity includes one 60A charger dedicated to engine and generator start batteries and two 80A chargers with a control panel for the service batteries. The starting batteries comprise four 210A/12V units (new 6/24) and ship service power is provided by eight 400A/6V batteries (new 6/24). AC power inputs are managed by a select switch and two Glendinning 50-amp shore power Cablemasters with 75' power cables; each 50-amp shore connection is served by an ANG 12.5 kVA transformer. The main electric panel houses AC and DC circuit breakers, and 24V DC monitoring is provided.

Interior and exterior electrical fittings feature Italian Vimar lighting switches and receptacles, USB charger outlets in each of the two cabins, one in the

salon and one in the pilothouse, and AC duplex receptacles throughout, including the engine room. Ground-fault protection covers all AC outlets in exterior areas, heads, galley and engine room. Corrosion and bonding arrangements comprise an electrolysis bonding system and two zinc anodes on the transom. Exterior lighting includes six blue underwater lights, two LED stern docking lights, LED ceiling lights for interior and exterior spaces, and LED rope lights installed under sofas, beds and on safety steps. Shestakov Yacht Sales.

Interior & Salon

Inizio, a 2021 Horizon Yachts FD75 with an LOA of 75 ft, offers a four-stateroom configuration with three heads, a flybridge day head, and a crew cabin at the stern. The interior showcases oak finishwork with dark wood accents and a bespoke interior package for décor and lighting. Guest heads are surfaced in Polarstone quartz. Access between the pilothouse and flybridge is by internal staircase, and a Samsung stacked washer/dryer is installed in the lower-level companionway (new 7/25). Seating features a U-shaped leather sofa and a removable folding dining table with six chairs; a custom-designed coffee table includes a manual sliding countertop that provides storage. Three primary salon windows are equipped with electric blinds. Entertainment provisions include a Samsung 55" LED TV housed in a half-height cabinet with a hi/lo lift mechanism and manual rotation, complemented by a Sonos Playbar. The glassware inventory comprises eight each of champagne, martini, double rock, and burgundy glasses.

Galley

The aft galley opens to the aft deck through folding doors and is configured with storage as indicated by the layout. Appliances include a Jenn-Air cooktop

and oven, a GE microwave, a Fisher & Paykel dishwasher, a Jenn-Air two-door refrigerator with freezer drawer, Sub-Zero double freezer drawers, and a KitchenAid trash compactor. The stainless-steel Hansgrohe sink and faucet are equipped with a GE disposal. Beverage and ice equipment consist of a Summit 46-bottle wine cooler and a U-Line icemaker.

Inizio — 2021 Horizon Yachts FD75, 75 ft.

Accommodations

Inizio, a 2021 Horizon Yachts FD75 measuring 75 ft LOA, presents a master stateroom with a king-size bed and nightstands, a high-density hotel-grade pocket spring mattress, a fully equipped head with toilet, shower and two sinks, a vanity table with seat to port, a removable lounge chair, dual closets, a Samsung 50" LED TV housed in an electric fold-down ceiling cabinet, and a Sonos Playbar soundbar. The VIP stateroom offers a queen-size bed with nightstands, a high-density hotel-grade pocket spring mattress, a closet, a vanity to starboard, a fully equipped head with shower, sink and toilet, a Samsung 43" LED TV and marine speakers. A twin guest stateroom contains two twin beds with foam mattresses that can be pushed together to form a queen, a nightstand, a closet, access to a shared guest head with sink, toilet and shower, a Samsung 32" LED TV and marine speakers. A single guest stateroom provides a single twin bed with nightstand, a closet and a storage cabinet (per layout), access to the shared guest head with sink, toilet and shower, an LG 24" LED TV and marine speakers. The aft crew stateroom includes two single beds, a closet, a 24" TV, a Vitrifrigo fridge, and a head with sink, shower and toilet, plus marine speakers.

Pilothouse & Electronics

The pilothouse features a single STIDD helm chair paired with a leather sofa seat. An integrated instrument panel presents the steering wheel, trim tab controls, compass, a full set of engine gauges and MMC control, a stabilizer

screen, a chain counter screen, bow and stern thruster controls, wiper control, and a card reader. A C-Zone 10" touchscreen monitoring system provides control and monitoring of lights, tank levels, battery levels, smoke alarms, generator start/stop, and other systems, with the same system also installed on the supplied iPad. The helm package includes an electric air horn and an upgraded Garmin navigation system boasting three Garmin 17" GPSMAP 8617 screens, two Garmin VHF radios with wired handsets at each station, a Garmin GMX54 weather station, Garmin autopilot and GPS units, a Garmin 48" 50W 72 nm open-array radar, a Garmin 72" 12 kW 72 nm open-array radar, Garmin wind, speed, temperature, and depth transducers, and Garmin AIS. Interior lighting is equipped with a dimmer switch for the ceiling lights.
Communications and entertainment systems feature Starlink satellite internet, a KVH HD7 satellite TV system with seven receivers and one dummy dome (not currently in use), a WAVE Wi Fi booster, Pepwave 4G, and a TP-Link network switch. Security and monitoring are supported by two PTZ cameras connected to a CCTV system.

Canonical identity: Inizio, 2021 Horizon Yachts FD75, LOA 75 ft.

Listed by Shestakov Yacht Sales.

Machinery & Systems Equipment Detail

The 2021 Horizon Yachts FD75 Inizio is equipped with two Caterpillar C-18 ACERT engines rated at 1,150 mhp, each paired with a ZF 500-1 IV gearbox and turning two NSP 39" x 30.3" five blade propellers. Steering is provided by a Hypro steering system with a backup pump. Thruster capability includes Traclink 12" 38 HP bow and stern thrusters, and hydrodynamic trim is managed by Hydrotab HT-ASM-00970 1000FW trim tabs. Stabilizer and thruster hydraulics are driven by an ABT 15 HP pump/motor pack with an ABB ACS550 VFD.

Engine controls comprise two ZF MMC 785CE control processors with two

MC2000-2 chrome control heads, supplemented by a Yacht Controller dual band wireless remote for engines and bow/stern thrusters. Fuel filtration for the main engines is handled by two Racor 75/1000MA units, with two Racor 500MA units for the generators. The oil change system is a Groco GHSN-13 24V and the engine shutdown system is a Sea Fire 131-450 eight circuit unit; fixed fire protection is a Sea Fire NFD1800 using Novec 1230.

Electrical generation is provided by two Onan MDKDS 29 kW / 60 Hz Tier 3 generators with digital control panels and exhaust/water separators. Starting and service battery capacity consists of four Lifeline GPL-4DL AGM 12V/210A engine start batteries and eight Lifeline GPL-L16 AGM 6V/400A service batteries (both battery sets noted as new 6/24). Battery charging and inverter systems include two Victron Skylla-i 24/80 chargers, one Victron Centaur 24/60 charger, and two Victron Phoenix 24/3000 120V/60Hz inverters, with BEP 720-MDVSO and 720-MDO 12/24V 500A battery switches. Shore power transformers are two ANG 12.5 kVA units.

Domestic water systems include an AquaBox Mini 120 VAC freshwater pump (new 6/25) and a Headhunter XRS124 24V DC pump, two Raritan 20 gal / 240V water heaters with a Grundfos hot water circulation pump, and a Spectra Newport 700C 24V DC watermaker rated 700 gal/day. Bilge management consists of five Rule 3700 24V bilge pumps with high level switches, three Bosworth 500 H pumps and one Jabsco manual bilge pump, with additional sump pumps of Rule 3700 and Rule 2000 24V. A Flojet 4325 24V saltwater washdown pump (4.5 GPM) is installed. Waste systems include three Dometic TW 24V holding tank pumps with two Wema float level sensors and five Planus Stilo Plus 24V toilets. Auxiliary equipment includes two Star FD D125 24V, 2.5 HP air compressors and a CZone wireless interface.

Air Conditioning & Ventilation

Inizio features a Dometic chilled-water system that serves individual air

handlers distributed throughout the yacht. The lower bridge, salon, and master cabin are served by three AU18HVZ air handlers, with the salon also receiving one AU24HVZ unit. The port and starboard guest cabins each house an AU6HVZ unit, totaling two, while the middle guest cabin is equipped with an AU12HVZ unit. Crew accommodations are cooled by two Dometic DTU6 Turbo units, and the flybridge is served by a single Dometic DCU18K Turbo unit. Engine room cooling is provided by two MCGX96 units, with ventilation supplied by Gianneschi AC and 24V DC inlet and outlet blowers. The electrical room is ventilated by two Gianneschi 24V DC blowers, and four shower room extraction fans are fitted.

Deck Machinery & Helm Seating

Inizio, a 75 footer built in 2021 by Horizon Yachts (FD75), is equipped with a Maxwell VWC 3500C hydraulic anchor capstan complemented by two Maxwell chain controllers, and a Marquipt ASTR-06B19P boarding ladder. The helm seating arrangement features two STIDD 500 series flybridge chairs on medium pedestals in smoke gray, along with one STIDD 500 series pilothouse chair in midnight black. External illumination is provided by a Sanshin HRL-2070U 24V searchlight and Hella navigation lights for bow, stern, and anchor, with Lopolight LED sidelights. Additional lighting includes six underwater lights, two Quick Secret LED pop-up lights, and nineteen BCM Orlando exterior ceiling lights. A Star H-3542K safe is also aboard.

Navigation & Communications Equipment Detail

Inizio, a 2021 Horizon Yachts FD75 with a 75 ft LOA, is equipped with an extensive integrated navigation and communications suite. The flybridge hosts two Garmin GPSMAP 8616 16" displays, while the pilothouse is fitted with three Garmin GPSMAP 8617 17" displays. Autopilot functionality is provided by a Garmin Reactor 40 unit paired with a GHC 20 control and a GRF 10 rudder feedback sensor. Radar coverage includes a Garmin GMR Fantom 54 4 ft

open array radar and a Garmin GMR 1226 xHD open array radar. Subsea sensing is handled by a Garmin GSD 25 sonar module coupled with a GT51M THP stainless thru hull DownVu/SideVu transducer pair, and vessel instrumentation is presented on a Garmin GMI 20 display integrating wind, depth and speed transducers.

Voice and distress communications are supported by two Garmin VHF 315 radios with two GHS 11 wired handsets and active speakers, and the vessel carries a Garmin AIS 800 transponder. Entertainment and data reception include a Garmin GXM 54 SiriusXM marine receiver, a KVH TracVision UHD7 satellite TV antenna with seven DirecTV H25 HD receivers (not currently in use), and Starlink satellite internet. Positioning and antenna systems incorporate a Garmin GA 38 and two GPS 19x NMEA 2000 antennas. Network and expansion hardware consist of two Garmin GMS 10 network port expanders with a USB card reader, a TP Link 8 port network switch, and a Pepwave MAX BR1 MK2 LTE A 4G router. A Ritchie SS 2000W 4 1/2" compass is installed for magnetic heading reference, and CCTV is provided by two Iris 106 PTZ dome cameras controlled via an Iris 516 control panel.

Audio / Visual

Inizio, a 2021 Horizon Yachts FD75 extending to 75 ft LOA, features a comprehensive audio/visual fit-out: the salon showcases a Samsung 55" QN55Q60T QLED 4K UHD smart TV; the master stateroom is fitted with a Samsung 50" QN50Q60T QLED 4K UHD HDR smart TV; the VIP stateroom hosts a Samsung 43" QN43Q60T QLED 4K UHD HDR smart TV; guest staterooms include a Samsung 32" N5300 Full HD TV and an LG 24" 24LH4830 smart LED TV; and the flybridge carries a Samsung 32" TV. The audio system comprises two Sonos Playbar soundbars (salon and master), two Sonos Subs, nine Sonos Amps, and twenty B&W Marine 6 ceiling speakers.

Appliances

The Inizio, a 2021 Horizon Yachts FD75 with a 75 ft loa, presents a well-appointed galley featuring a Jenn-Air JFC2290RTB refrigerator, Jenn-Air JIC4430XS 30" cooktop, Jenn-Air JJW2430IL 30" stainless oven, GE PVM9179SKSS microwave, Fisher & Paykel DD24STI9 dishwasher, Sub-Zero ID-30F freezer drawers, Summit CL24WC2 46-bottle wine cooler, KitchenAid KTTS505EPA trash compactor, a Hansgrohe C71-F660-08 sink, and a GE garbage disposal. The salon is equipped with an U-Line BI95 ice machine. On the flybridge, a U-Line combination refrigerator and icemaker is paired with a sink and faucet. The crew cabin is served by a Vitrifrigo C50i fridge-freezer, and a dedicated laundry area houses a Samsung 24" front-load washer and a Samsung 24" dryer.
