DETAILED DESCRIPTION

Description

Accommodating eight guests across four luxurious cabins, M/Y BISCAYNE offers a sanctuary of space and style with a generous master suite featuring a king size bed, a VIP cabin with a large double bed, and two double cabins, each fitted with twin single beds, all appointed with smart televisions and efficient air conditioning to ensure effortless comfort throughout your stay; inside, the yacht is a true oasis of luxury, where expansive salons are enhanced by cutting edge amenities including global internet connectivity, a Bluetooth surround sound system and televisions in every cabin and shared area, while the galley is fitted with high end Bosch appliances—oven and microwave included—alongside a dishwasher and refrigerator so that every meal on board feels distinctly gourmet; outside, a wide hydraulic bathing platform, a jacuzzi on deck and a complete selection of water toys and paddleboards, together with a Williams 385 Turbo jet tender, create the perfect balance between serene sun drenched relaxation and spirited waterborne adventure; meticulously maintained and thoughtfully upgraded, M/Y BISCAYNE stands out on the global market with a GRP planing hull and flybridge superstructure that deliver agile, assured navigation, reaching a top speed of 34 knots and cruising comfortably at 22 knots while a state of the art stabilization system keeps the ride smooth and composed even when conditions rise.

Refit 2023

In 2023, M/Y BISCAYNE underwent an extensive refit that elevated performance, reliability and onboard refinement, beginning with a complete engine revision carried out by the official engine service and comprehensive

overhauls of generators and stabilizers by authorized technical teams, while the hull received a full polish, all teak was renewed and underwater lights were added to elevate the yacht's evening presence both at anchor and underway; systems and utilities were methodically modernized with the installation of a new watermaker, new pumps fitted throughout and the commissioning of all new battery chargers and new batteries following a complete electrical check of the entire vessel, and the grey and black water infrastructure was renewed end to end with new grey and black water pumps and a wholly new system for those circuits to ensure quiet, reliable and hygienic operation; comfort and style were elevated across every deck with the addition of smart TVs in all cabins, the installation of a jacuzzi on the flybridge, full replacement of interior and exterior upholstery, the introduction of natural wood throughout the interior, new natural bamboo blinds and a refreshed color palette in the salon to bring contemporary, organic warmth to the spaces; the galley and service areas received premium upgrades including a Bosch washing machine and Bosch dryer, a Bosch oven, a microwave and a new Bosch induction cooktop, complemented by new refrigerators fitted throughout the boat and a new ice maker to support seamless entertaining; navigation and connectivity also saw major advances with new Raymarine displays on the flybridge and in the pilothouse and high speed Starlink internet, ensuring confident passage making and effortless communications wherever the journey leads.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
