## OVERVIEW

---

This 2019 SANLORENZO SX76 is presently docked in Hong Kong, awaiting its next owner.

The SX76, a crossover flybridge yacht from Sanlorenzo, follows the acclaimed SX88 and is the second in the SX series. Like its predecessor, the SX76 is crafted as a social vessel, optimizing every inch of space to create a surprisingly roomy marvel for its size. Designed by Studio Zuccon International with interiors by renowned Italian designer Piero Lissoni, this yacht is a unique blend of traditional flybridge and explorer yacht styles, all wrapped in Sanlorenzo's signature SX design.

The Lissoni Edition SX76 stands apart from the standard SX76. The designer has reimagined the layout, enhancing space utilization on both the main and lower decks. Upon entering the saloon from the cockpit, you'll notice the absence of structural walls, offering unobstructed views and featuring a striking spiral staircase. The full-size windows on both sides of the saloon flood the space with light, creating a bright and inviting atmosphere. The main deck boasts an aft living area with a TV and an eight-person round dining table adjacent to the open kitchen, perfect for enjoying gourmet meals in good company.

Descending the spiral staircase reveals additional social areas, including a cozy lounge on the lower deck. For overnight stays, there are two luxurious en-suite cabins (1 Master and 1 VIP) accommodating four guests in comfort.

This vessel is powered by twin VOLVO IPS 1050 D13-800 engines, achieving a top speed of 21 knots with excellent fuel efficiency across RPM ranges. Onboard electrical systems are supported by two dependable KOHLER generators (2x 25kW).

This sought-after yacht is available for immediate purchase. For more details or to arrange a viewing, please reach out to us.
