DETAILED DESCRIPTION

Miles Azimut 78 Fly 2025

M/Y Miles, the 2025 Azimut 78 Fly, is a refined synthesis of Italian aesthetics, cutting edge systems, and supremely comfortable interiors. Designed for owners who value the generous spaces and appointments of a larger motor yacht without sacrificing effortless agility, she occupies a distinguished place in the Azimut Yachts flybridge collection.

The yacht's exterior, penned by Alberto Mancini, presents a vibrant, contemporary silhouette, while interiors by Achille Salvagni create a warm, residential atmosphere through the use of sumptuous materials, fluid lines, and exacting craftsmanship. Extensive application of carbon fibre reduces displacement and enhances efficiency, stability and overall performance. Thoughtful circulation separates crew and guest movement wherever possible, protecting privacy and making the 78 Fly particularly well suited to operation with a professional crew. The main deck has been conceived as a luminous, open living area, with sweeping glazing that forges a continuous visual link to the sea.

Down below, four elegantly appointed guest cabins include a spacious full beam owner's suite, and dedicated crew quarters provide comfortable accommodation for extended cruising. The expansive flybridge serves as the primary sociable environment, offering generous areas for lounging, dining and entertaining beneath panoramic views, while welcoming exterior spaces at the bow and in the aft cockpit create further options for relaxation throughout the day. Driven by triple Volvo Penta IPS propulsion, the Azimut 78 Fly combines impressive speed and efficient cruising with exceptional manoeuvrability and reduced noise and vibration. Unmistakably Italian in character and technologically sophisticated in execution, the 78 Fly is an

elegant choice for private family cruising, refined entertaining and long Mediterranean passages.
