OVERVIEW

This remarkable yacht, crafted entirely from welded steel, is a single-engine, diesel-powered marvel that once served as a refrigerated shrimp trawler in the Gulf of Mexico. Featuring a forward deckhouse, a central mast with standing rigging, and a spacious aft deck work area, this vessel was expertly transformed to navigate the deep waters of the golden crab fishery.

Having been in dry dock for the past two years, she is now available for yacht sales in the current boat location. This is a unique opportunity for someone looking to buy a yacht and either continue her legacy in commercial fishing or convert her into a luxurious personal vessel.

We invite offers and encourage interested parties to explore this yacht for sale. Reach out for more information and seize the chance to own this exceptional piece of maritime craftsmanship.
